**Public Transport Fare Concession Scheme for the  
Elderly and Eligible Persons with Disabilities**

**Extension to Green Minibus Services**

**Purpose**

This paper briefs Members on the details of the extension of the Public Transport Fare Concession Scheme for the Elderly and Eligible Persons with Disabilities (“the Scheme”) to green minibus (“GMB”) services in phases starting from 29 March 2015.

**Background**

2. The Scheme enables elderly people and eligible persons with disabilities<sup>1</sup> to travel on the general Mass Transit Railway (MTR) lines<sup>2</sup>, franchised buses<sup>3</sup> and ferries<sup>4</sup> any time at a concessionary fare of \$2 per trip. It aims to help build a caring and inclusive society by encouraging these groups to participate more in community activities. The Scheme has been implemented on MTR, franchised buses and ferries in three phases since June 2012, August 2012 and March 2013 respectively. It has also been extended to eligible children with disabilities aged below 12 since May 2014. It is encouraging to note that the Scheme has been well received so far by the community and that public feedback has been very positive.

3. To date, the total number of eligible beneficiaries under the Scheme is around 1.2 million, with about 1.07 million elderly people aged 65 or above and about 140 000 eligible persons with disabilities. The target beneficiaries under the Scheme have to make use of the Octopus<sup>5</sup> to enjoy the

---

<sup>1</sup> Elderly people refer to those aged 65 or above, whereas eligible persons with disabilities are persons aged below 65 with severe disability as defined under the Disability Allowance receiving the allowance and those with 100% disabilities receiving Comprehensive Social Security Assistance in the same age group.

<sup>2</sup> Including all heavy rail services (excluding Airport Express, East Rail Line to and from Lo Wu, Lok Ma Chau and Racecourse Stations, and first-class service of East Rail Line), Light Rail services and MTR bus service.

<sup>3</sup> Excluding “A” routes to and from the airport, racecourse routes and routes of New Lantao Bus on a pre-booking and group hire services.

<sup>4</sup> Designated ferry services excluding deluxe class.

<sup>5</sup> The elderly have to use Elder Octopus or Personalised Octopus whereas persons with disabilities have to use Personalised Octopus with “Persons with Disabilities Status”.

concessionary fare under the Scheme. The public transport operators participating in the Scheme are required to continue to absorb the cost of existing concessions that they are voluntarily offering to the elderly and eligible persons with disabilities, while the Government provides additional resources, on an accountable and reimbursement basis, to cover the fare differential between the fare charged by the operators and \$2 paid by each eligible beneficiary. In 2014-15, the reimbursement of revenue forgone to public transport operators concerned by the Government under the Scheme is estimated to be around \$580 million. The number of average daily passenger trips under the Scheme is at present around 740 000, with around 650 000 trips (88%) made by the elderly and the remaining 90 000 trips (12%) made by eligible persons with disabilities.

### **Extension of the Scheme to GMBs**

4. As announced by the Chief Executive announced in his 2015 Policy Address in January 2015, the Government is pressing ahead with the extension of the Scheme to GMB in phases starting from the end of March this year.

5. As at end February 2015, there were 159 GMB operators running 503 routes with 3 152 GMBs. The operators are of various scales and with different modes of operation, financial positions and technical sophistication. There are various fare structures, and the operators have different accounting and registration arrangements with the Octopus Cards Limited. In extending the Scheme to GMBs, it is necessary to adopt a pragmatic and flexible approach by rolling out the extension of the Scheme in phases taking into account individual operators' willingness to join the Scheme and their technical readiness. TD has, since June 2014, incorporated conditions to require operators to participate in the Scheme upon the introduction of service when inviting applications for operation of GMB route packages. This would ensure that new GMB routes<sup>6</sup> will be covered by the Scheme.

6. There are now 127 operators (80% of the total) willing and technically ready to join the first phase of the extension. These 127 GMB operators are providing 407 routes (81% of the total) with 2 587 GMBs (82% of the total) in 17 districts<sup>7</sup>. The 407 routes cover all 97 routes serving the Hong Kong Island, 99 routes serving Kowloon, 176 routes serving the New Territories and 35 inter-district routes. Details of these routes are at the

---

<sup>6</sup> TD will invite applications for operating new routes, and also for existing routes where GMB operators give up their operating right of any such routes or where TD cancel the operating right of GMB operators with poor performance.

<sup>7</sup> There is no GMB service in Islands District.

**Annex.** The first phase of extension covering these 407 GMB routes will be launched on **29 March 2015**.

7. For the remaining 32 operators, TD has been closely liaising with them, encouraging them to join the Scheme and providing assistance to them to overcome the operational and technical issues as far as practicable. Some operators have already indicated interest in joining the Scheme and are carrying out the necessary preparatory work, while others have indicated that they still need time to reach a consensus among different shareholders and/or to sort out their own financial, operation and management arrangements. The Government will continue to encourage and offer assistance to these operators where necessary and, depending on the readiness of these operators, plans to roll out the second batch of GMB routes under the Scheme around mid 2015.

### **Publicity Arrangements**

8. The Government will arrange publicity, including issuing a press release, broadcasting television and radio announcements, etc. Those GMBs participating in the Scheme will carry a logo on their windscreens, next to their side doors and atop their Octopus readers to ensure that the beneficiaries will be able to identify them. The GMB operators concerned will also put up posters at GMB termini to help publicise and promote the Scheme. Posters and leaflets will also be distributed to the 18 District Offices, elderly centres, and service centres for persons with disabilities, etc. Details of the extension are available on the dedicated website of the Scheme set up by the Labour and Welfare ([http://www.lwb.gov.hk/fare\\_concession/index\\_e.html](http://www.lwb.gov.hk/fare_concession/index_e.html)) and the website of TD ([http://www.td.gov.hk/en/gov\\_public\\_transport\\_fare\\_concession/index.html](http://www.td.gov.hk/en/gov_public_transport_fare_concession/index.html)).

### **Government's Financial Commitment**

9. It is estimated that the cost of reimbursing GMB operators under the Scheme would be around \$200 million in 2015-16 for the phased implementation. The total Government expenditure on the Scheme will be around \$900 million in 2015-16.

## **Advice Sought**
