**Motion debate on
“Safeguarding Hong Kong from ‘Mainlandization’ ”
to be held at the Council meeting of 18 November 2015**

1. Hon Claudia MO’s original motion

That this Council urges the Government to respect the local history and culture and to safeguard Hong Kong from ‘Mainlandization’, so as to honour the undertaking in the Basic Law that the previous way of life of Hong Kong residents shall remain unchanged for 50 years.

2. Motion as amended by Hon Gary FAN

That *since the handover of sovereignty over Hong Kong, the SAR Government very often only pays regard to the interests of the Mainland in formulating policies; in this connection*, this Council urges the SAR Government to respect the local history and culture and to safeguard Hong Kong from ‘Mainlandization’, so as to honour the undertaking in the Basic Law that the previous way of life of Hong Kong residents shall remain unchanged for 50 years; *the SAR Government should:*

- (1) *in accordance with Article 22 of the Basic Law, exercise the power of the SAR Government to vet and approve the entry under the dual vetting and approval system of the One-Way Permit for immigration, so as to formulate a population policy suitable for the long-term development of Hong Kong;*
- (2) *review the strategy of ‘Shenzhen-Hong Kong Urban Integration’, completely abolish the measure of allowing Shenzhen residents to visit Hong Kong on the one-year multiple-entry Individual Visit Endorsements (‘multiple-entry endorsements’), and cap the number of visitors under the Individual Visit Scheme, so as to avoid Hong Kong people’s daily lives being affected by the large number of Mainland visitors;*
- (3) *stop planning ‘white elephant projects’ to blindly pursue the objective of integration between Hong Kong and the Mainland, and formulate a more stringent system to regulate various types of projects to ensure*

Mainland-made construction materials supplied to Hong Kong will not lower the quality of projects in Hong Kong; and

- (4) *respect the cultural inheritance in Hong Kong by formulating an independent language policy on Cantonese, and shelve the adoption of 'Using Putonghua to Teach Chinese Language Subject' as the long-term teaching goal, so as to ensure that students will not depart from the local culture in their learning.*

Note: Hon Gary FAN's amendment is marked in *bold and italic type*.
