Subject: Comments on Proposed Development Strategy for Lantau
(See attached file: SKMBT_C65416032213150.pdf)

Dear Sirs,

I enclose for your record my reply slip on the Legislative Council special meeting for proposed development strategy for Lantau on 16 April 2016. Although I am not available to attend the meeting, I would like to express my opinion on the proposal as below:

1) Proposed Tung Chung development is a good proposal to the public and should be implemented in full speed without delay. In particular, Tung Chung East and Tung Chung West developments which would provide more residential developments alleviating the housing issue should be implemented in priority.

2) Taking the chance of the development, a complete and well development cycle track should be incorporated in the development linking Tung Chung, Disneyland and other areas in Lantau such that a long (4-hour travel) cycle track path could be provided.

Regards,

Wilson Tsui Shiu Hong
