(Attn: Mr Raymond Lam)

16 June 2016

Dear Mr Lam,

Follow-up to Panel on Security Meeting

Latest Development of the Hong Kong-Zhuhai-Macao Bridge Hong Kong Boundary Crossing Facilities

At the meeting of the Legislative Council (LegCo) Panel on Security held on 3 May 2016, the Immigration Department's proposal of installation of computer systems at the control point at the Hong Kong-Zhuhai-Macao Bridge (HZMB) Hong Kong Boundary Crossing Facilities (HKBCF) was discussed. As requested by a Member of the Panel, the Government provides the following supplementary information.

2. As mentioned at the meeting on 3 May 2016, according to the information provided by the Transport and Housing Bureau (THB), the latest assessment of the Highways Department (HyD) is that HZMB local Projects (including the HKBCF project) are anticipated to be completed by end 2017. On this issue, we have further consulted THB, who advised that the target completion date previously projected by HyD (i.e. by end 2017) remains unchanged to date. In view of this, the Immigration Department plans to complete tendering procedures for computer systems

for the control point by the 4th quarter in 2016, subject to the Finance Committee's approval.

3. Please contact the undersigned at 2810 2790 should there be any enquiries.

Yours sincerely,
