議程項目 IV"新航空交通管理系統全面啟用"通過的議案**

民航處儘早制定聘請空管人員及其訓練的全盤計劃，並考慮以短期合約形式聘請外國具經驗的空管人員，在未能從根本擴充空管人員編制前，紓緩前線空管人員日益增加的壓力。

Panel on Economic Development

**Motion passed under agenda item IV on
"Full commissioning of the new Air Traffic Management System"
at the meeting on 13 December 2016**

That the Civil Aviation Department should formulate comprehensive plans for the recruitment and training of air traffic control ("ATC") staff as early as possible, and consider hiring experienced ATC professionals from overseas on short-term contractual basis, so that the mounting pressure faced by ATC staff in the frontline can be eased when the establishment of ATC staff has yet been expanded fundamentally.
