**在 2016 年 12 月 13 日的會議上  
就議程項目 V"與兩間電力公司進行的週年電費檢討"提出  
並在 2017 年 1 月 23 日會議上通過的議案**

兩電作為公共事業，有義務承擔社會責任，幫助基層社群。過去，兩電有一些援助基層政策，如提供長者及單親家庭電費補貼、「全城過電」計劃等，值得嘉許。但香港仍有許多住戶仍陷於「能源貧窮」，經濟上難以負擔家庭能源開支，苦不堪言。故此，本會促請政府採取適合措施，協助他們渡過難關，如增加惠及低收入人士及劏房戶的電費補貼、修改《供電則例》以阻嚇業主濫收電費等，以改善劏房戶面對高昂電費的問題。

**Panel on Economic Development**

**Motion proposed under agenda item V on "Annual tariff reviews with the two power companies" at the meeting on 13 December 2016 and passed at the meeting on 23 January 2017**

That, the two power companies, as public utilities, are obliged to take up social responsibilities and help grass-roots communities. In the past, the two power companies launched some policies to help the grass-roots, such as provision of subsidies on electricity charges for the elderly and single-parent families, and the "Power Your Love Programme", which are commendable. However, many households in Hong Kong are still suffering from "energy poverty", meaning that they are financially unable to afford domestic energy costs and therefore in a dire situation. In this connection, this Panel urges the Government to adopt appropriate measures to help them tide over the difficulties, such as increasing the subsidies on electricity charges for low-income earners and tenants of sub-divisions of

flat units, and amending the Supply Rules to deter landlords from overcharging tenants of sub-divisions of flat units for use of electricity so as to ameliorate the problem of expensive electricity charges faced by these tenants.
