

Immediate Ban of Ivory trade
L Sophia to: bc_06_16

25/08/2017 14:14

To Legco members of HKSAR,

I write to express my concern over the illegal elephant hunting for their ivory tusks and HK still being a key transit for this ivory trade.

This should be banned with immediate effect!

It is sad that tens of thousands of elephants were savagely killed to supply illegal ivory to markets in China and throughout the world leading to a rapid decline of elephant population causing them to become endangered species.

Do we really need a pair of ivory chopsticks ? ivory jewellery or home decor?

Please protect the elephants and pass the bill for immediate ban of ivory trade.

Sincerely ,
Sophia Lam
