Dear legco

I have written this email to inform you that you have my full support on the actions you have taken and the actions you may do.

I will do my best to inform friends, family (people) on the ivory trade and why we must stop it! The fact that you are not like other people not giving a crap, and simply taking action with knowing all the risks such as death.

you have my full support and gratitude

Yours Faithfully

Ethan Baxter-Pronk
