To whom it may concern,

My name is Ian, and I currently study in South Island School. Millions of elephants have been killed due to the Ivory trade and knowing that people have been very active in the black market that is the biggest in the world, I would like to ask you to ban this trade. Innocent, harmless elephants are being killed for their Ivory, and the other parts are left to decompose. This creates an unbalance in the ecosystem, and can potentially give rise to more parasites and bugs that may harm us even more. These greedy, unethical people have to be stopped, especially in Hong Kong, because the LegCo has the power to prevent elephant killings by stopping THE BIGGEST Ivory trade market in the world. Thank you.

Yours Faithfully,
