Dear Legislative Council Members,

I am writing to express my support for the Hong Kong government's ivory ban. I believe this to be extremely important legislation in view of the unacceptable slaughter of live elephants simply to supply ivory for the international trade. I strongly oppose that the Hong Kong government pay any compensation to the city's ivory traders for their stocks.

I urge the Hong Kong government to impose the ivory ban within one year, introduce increased penalties for all wildlife crime, and refuse to compensate ivory traders for their stocks.

Sincerely,

Crystal Bedard
