

Panel on Environmental Affairs**List of follow-up actions**
(position as at 16 May 2017)

Subject	Date of meeting	Follow-up action required	Administration's response
1.1 Upgrading of Kwun Tong Preliminary Treatment Works and Sewage Pumping Station	27.2.2017	The Administration to provide information on the detailed breakdown of the total capital cost of the proposed works for upgrading of Kwun Tong Preliminary Treatment Works (4394DS) and enhancement works for Kwun Tong Sewage Pumping Station (4413DS), in particular, the provision of a sewage balancing facility, a plant house and deodorization facilities under 4413DS in the paper to be submitted to the Public Works Subcommittee.	Administration to provide relevant information to the Public Works Subcommittee
1.2 Promoting the use of electric vehicles	27.2.2017	<p>The Administration to provide information and statistics on:</p> <p>(a) the total number of registered hybrid commercial vehicles as at end 2016 and the number of newly registered hybrid commercial vehicles in each of the past three years; and</p> <p>(b) carbon emission arising from the production, charging and energy consumption of electric vehicles, under defined parameters such as travelling distance and charging time.</p>	The Administration's response was circulated vide LC Paper No. CB(1)881/16-17(02) on 26 April 2017.

Subject	Date of meeting	Follow-up action required	Administration's response
1.3 Issues arising from the collapse of seawalls in the Hong Kong-Zhuhai-Macao Bridge Hong Kong Link Road project	27.2.2017	<p>The Administration to:</p> <ul style="list-style-type: none">(a) provide information on whether the incident of alleged collapse of seawalls in the Hong Kong-Zhuhai-Macao Bridge ("HZMB") Hong Kong Link Road ("HKLR") project in October and November 2014 had any adverse impact on the environment and the Chinese white dolphin habitat in nearby waters;(b) explain, with reference to and provision of the relevant parts of the Environmental Permit/Environmental Impact Assessment ("EIA") Report, gazetted project plans and/or other related documents of the HKLR project, whether and how the areas of permanent and temporary seabed loss, as well as permanent and temporary reclamation works under the project are defined, approved/legitimized, and reflected in these documents where applicable, and address members' concerns on:<ul style="list-style-type: none">(i) whether the relevant requirements of the EIA Report have been fulfilled in carrying out the HKLR reclamation works;(ii) whether the relevant HKLR reclamation works and the temporary rockfill platform are constructed within the gazetted boundary for the foreshore and/or seabed affected by the reclamation works;	Administration's response awaited.

Subject	Date of meeting	Follow-up action required	Administration's response
		<p>(iii) the legitimacy of the temporary reclamation works carried out by the relevant contractor for the HKLR project; and</p> <p>(c) provide a copy of the relevant page(s) of the EIA Report referred to by the Administration at the meeting in explaining the permanent and temporary seabed loss and calculation of worst-case habitat loss during construction and after completion of the HKLR project.</p>	
<p>2. Receiving public views on the measures to combat illegal land filling and fly-tipping of construction and demolition waste</p>	<p>3.3.2017</p>	<p>The Administration to provide information on:</p> <p>(a) the work progress of the Joint Working Group on Management of Roadside Skips about measures in enhancing management of roadside cargo compartments;</p> <p>(b) the progress of reviewing the trial scheme of setting up surveillance cameras for detecting illegal dumping of construction and demolition waste; and</p> <p>(c) whether the Administration would establish a database of baseline environmental conditions and land boundaries for public access in order to facilitate monitoring of and enforcement against illegal land filling, and the reasons if the Administration would not consider this suggestion.</p>	<p>Administration's response awaited.</p>

Subject	Date of meeting	Follow-up action required	Administration's response
3. Implementation arrangements for municipal solid waste charging	27.3.2017	As a related matter, the Public Accounts Committee ("PAC") of the Legislative Council has recommended the Panel to follow up the outcome of the post-implementation review of the implementation of the Policy Framework on the Management of Municipal Solid Waste (2005-2014) ("2005 Policy Framework"). In this connection, the Administration is requested to report the matter to the Panel when appropriate.	The Administration advised that it had followed up the matter through issuing the letter dated 23 December 2016 (LC Paper No CB(1)372/16-17(01) issued on 28 December 2016). In the letter, the Administration updated the Panel on the implementation progress of the "Hong Kong: Blueprint for Sustainable Use of Resources 2013-2022" ("2013 Blueprint") in the context that the 2013 Blueprint represents continued refinement of the action plans and the timetables of the Administration's waste management initiatives under the 2005 Policy Framework. This is in line with the Administration's progress report to PAC dated 25 May 2016, and its

Subject	Date of meeting	Follow-up action required	Administration's response
			previous written response to PAC dated 21 December 2015.
