**Motion on
“Expediting the promotion of smart city development”
to be moved by Ir Dr Hon LO Wai-kwok
at the Council meeting of 13 June 2018**

Wording of the Motion

That, since smart city is one of the four major areas of focused development of innovation and technology in Hong Kong, the Administration released the Smart City Blueprint for Hong Kong in December 2017, mapping out the policies and measures to be implemented in the next five years in six areas, namely smart mobility, smart living, smart environment, smart people, smart government and smart economy; in this connection, this Council urges the Government to proactively allocate resources to perfect various policies and ancillary measures, so as to expedite the promotion of smart city development; the relevant measures include facilitating the research and development and application of innovation and technology, upgrading the technological infrastructure of Hong Kong, promoting the intellectualization of infrastructure and green architecture, facilitating the opening of data by public and private organizations for development and application, setting up a platform for sharing big data, making optimal use of innovation and technology for improvement of people’s daily living, as well as developing a low-carbon green and smart community, with a view to fostering the sustainable development of Hong Kong and facilitating the people in leading a quality life.
