Dear Chairman,

Super Typhoon Mangkhut struck Hong Kong on 16 September 2018 and caused unprecedentedly severe and extensive damage. The Government and the community are fully committed to the restoration, cleaning and relief work.

Although the Legislative Council is in recess, given the damage of the typhoon spread across areas of infrastructure, people's livelihood, transport and environment, and is a major concern of the community, the Chief Secretary for Administration would like to lead relevant Directors of Bureaux to attend a special House Committee meeting shortly to explain the Government's emergency response and recovery work related to this natural disaster, and listen to Members' views on how we may improve our work.

The HKSAR Government hopes that you would agree to arrange a special House Committee meeting as soon as possible, and invite the Legislative Council Secretariat to follow up with the Administration Wing.

Yours sincerely,
