Progress Report of the Anti-epidemic Fund

Purpose

This paper aims to report to the Legislative Council (LegCo) the implementation progress of the Anti-epidemic Fund (AEF) as at 6 May 2022.

Background

- 2. In light of the development of the coronavirus disease 2019 (COVID-19), the Government has taken vigilant anti-epidemic measures to contain the public health risk. Having regard to the negative impact of these measures on the livelihood of individuals and business operation, the Government secured the approval of the LegCo Finance Committee (FC) on 21 February 2020 for a commitment of \$30 billion to set up the AEF. The purposes of the AEF are to enhance Hong Kong's overall capability in combating the pandemic, and to provide suitable relief to businesses and individuals hard hit by the pandemic or more seriously affected by anti-epidemic measures. The Government subsequently secured the LegCo's further funding approval in April 2020, September 2020, December 2020, April 2021, February 2022, April 2022 and May 2022 to implement further AEF measures. A total financial commitment of \$250.9 billion was approved thus far.
- 3. The AEF is established under the Financial Secretary Incorporation Ordinance (Cap. 1015) (the Ordinance) with the Financial Secretary Incorporated (FSI) as its trustee, and shall operate according to the Declaration of Trust made under the Ordinance. To streamline the administrative process, FSI has delegated its powers to the Anti-epidemic Fund Steering Committee (Steering Committee) to receive, consider and approve proposals; and to monitor and coordinate matters related to the operation of the AEF. FSI also appointed the Director of Accounting Services to handle financial and accounting matters related to the AEF, such as opening bank accounts and keeping proper accounts and records, etc. The Steering Committee is chaired by the Chief Secretary for Administration, and members include all relevant Directors of Bureaux¹ responsible for implementing the major initiatives under the AEF.

¹ Membership of the Steering Committee includes Chief Secretary for Administration (Chairman), Secretary for Commerce and Economic Development, Secretary for Development, Secretary for Education, Secretary for Food and Health, Secretary for Financial Services and the Treasury, Secretary for Home Affairs, Secretary for Innovation and Technology, Secretary for Labour and Welfare and Secretary for Transport and Housing.

Financial Position and Implementation Progress of the AEF

- 4. As of 6 May 2022, 222 measures were approved under the AEF, with the total financial commitment amounting to close to \$250 billion. Close to \$170 billion of funding were deployed/disbursed, benefitting close to 7 million persons² and over 1 million applications from enterprises/businesses, etc. The AEF measures cover various sectors, including the construction, property management, travel, catering, retail, convention and exhibition, arts and culture, innovation and technology, passenger transport, aviation, agriculture and fisheries, hotel, child care centres and registered private schools offering non-formal curriculum. The AEF also provides support to a wide spectrum of employees and needy groups including licenced hawkers, frontline cleansing and security workers, low-income families, secondary, primary and kindergarten students, registered sports coaches, and school-related service providers (such as registered interest class teachers); as well as premises ordered to close under Cap. 599F or affected by the Government's social distancing measures. The 222 approved measures include:
 - (a) 24 first-round AEF measures proposed under the enclosures of FCR(2019-20)46;
 - (b) 33 second-round AEF measures proposed under the enclosures of FCR(2020-21)2;
 - (c) 26 third-round AEF measures proposed under the enclosures of FCR(2020-21)71;
 - (d) 19 fourth-round AEF measures proposed under the enclosures of FCR(2020-21)77;
 - (e) 28 fifth-round AEF measures funded by the remaining balance of the AEF;
 - (f) 48 sixth-round AEF measures proposed under the enclosures of FCR(2021-22)82;
 - (g) 1 measure proposed under FCR(2022-23)1; and
 - (h) 43 measures approved by the Steering Committee as proposed by the relevant bureaux/departments having regard to the development of the pandemic, views from various industry stakeholders and their actual business situation.

Annex I sets out the brief description and eligibility criteria of the above measures.

2

² In addition, the Government has distributed over 10 million pieces of CuMask+TM in total.

5. The Government reported the progress of the implementation of the first-round AEF in the FC paper (FCR(2020-21)2) when seeking the FC's approval for the second-round injection on 17 April 2020. The Government further submitted seven reports to LegCo, respectively in July 2020, November 2020, February 2021, May 2021, August 2021, December 2021 and March 2022, reporting the implementation progress of the AEF measures. This paper is the ninth report to the LegCo on the progress of the implementation of these measures. As of 6 May 2022, out of the 222 AEF measures, 140 have been completed. The progress of the 222 measures is set out at **Annex II**.

Conclusion

- 6. Since the emergence of the COVID-19 epidemic, the Government has introduced various rounds of relief measures. The relief measures, including those under the AEF and the counter-cyclical measures introduced under the two previous Budgets (2020-21 Budget and 2021-22 Budget), involved a total financial commitment of over \$500 billion. In February 2022, counter-cyclical measures costing a total of over \$170 billion were introduced under the 2022-23 Budget, which together with the spending in infrastructure projects and other items, will have a fiscal stimulus effect of boosting the economy by around three percentage points.
- 7. The Government will continue with the implementation of ongoing AEF measures. The Steering Committee will continue to opitimise the remaining balance of the AEF based on the proposals put forth by the relevant bureaux/departments, having regard to the development of the pandemic, views from various industry stakeholders and their actual business situation.

		operation on or before 12 May 2020, and still in operation on the date of submitting applications for the Scheme will receive a one-off subsidy ranging from \$10,000 to \$150,000, depending on its size of operation.
		To take care of the livelihood of aged employees in the laundry trade, the Government requires an undertaking from the applicants of the Scheme not to reduce the total number of employees aged 65 or above for three months upon receipt of the subsidies. Otherwise, the Government may claw back any subsidy already disbursed.
5.	Subsidy Scheme for Employment Agencies	Under the Scheme, a one-off lump sum subsidy is granted to EAs with a valid licence issued by the Labour Department ("LD"). A subsidy of \$50,000 is granted for each main licence of EAs which provide foreign domestic helper ("FDH") placement service. For EAs which do not provide FDH placement service, a subsidy of \$30,000 is granted for each main licence. An additional subsidy of \$10,000 is granted for each duplicate licence for branch office of both kinds of EAs.
		An employment agency ("EA") eligible for applying for subsidy under the Scheme must hold a valid licence (main licence and duplicate licence(s), if any) issued by the LD under section 52 of the Employment Ordinance (Cap. 57) as at 31 May 2020, or must have submitted an application for licence renewal to LD in accordance with Regulation 2 of the Employment Agency Regulations (Cap. 57A) as at 31 May 2020.
		If the validity period of the current licence of the EA is less than two months as at the date of submission of an application for subsidy, the EA should first submit an application for licence renewal to LD before submitting an application for subsidy. The EA must hold a valid EA licence before the application is approved.
6.	100% Credit Limit Top-Up Scheme	Under the Scheme, the Hong Kong Export Credit Insurance Corporation would automatically double the credit limits of existing policyholders or uplift the limits to the amount applied for, whichever is the smaller, subject to a cap of \$100 million. 11.	Installation of Gas Water Heaters at non- Quarantine units of Chun Yeung Estate	Installation of gas water heaters to the 1,625 non-quarantine unit flats in Chun Yeung Estate as a one-off special arrangement.
12.	Procurement of Private COVID-19 Testing Services	The Government's current virus testing strategy is to continue and expand compulsory testing on a mandatory basis, targeted testing on an obligatory basis and testing on a voluntary basis so as to achieve the objective of "early identification, early isolation and early treatment". As such, specified persons of high risk are required to undergo compulsory testing on a mandatory basis, targeted groups are arranged to undergo testing on an obligatory basis, and the Government also encourages members of the public to undergo voluntary testing to achieve voluntary testing on a large scale.

Item	Measures	Eligibility/Brief Description
		Regarding compulsory testing on a mandatory basis, the Government has implemented the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) since 15 November 2020 to effectuate compulsory testing on a mandatory basis.
		For targeted testing on an obligatory basis, the Government also arranges testing for targeted groups based on risk assessment. Testing is currently arranged on a continuous basis for targeted groups including staff of catering business / scheduled premises, construction site personnel, working staff of quarantine centres/hotels, designated quarantine hotels / facilities and relevant designated transport staff, airport staff, designated staff of container terminals and shipping services, designated cold store practitioners, practitioners working at Sheung Shui Slaughterhouse, school staff, and working staff of community testing centres and mobile specimen collection stations.
		Staff of high-risk and high-exposure groups had been required to undergo more frequent regular virus testing as a way to counter the latest development of the COVID-19 epidemic and mutant strains, and also as a more stringent anti-epidemic measure to complement the "dynamic zero-COVID" strategy.
		On voluntary testing, the Government continues to provide convenient testing service to individuals who perceive themselves as having a higher risk of exposure or experience mild discomfort through various channels, including free testing for the public through 169 specimen collection packs distribution points (namely designated general outpatient clinics of the Hospital Authority, 120 post offices, and vending machines at 20 MTR stations) and 58 collection points. The above three channels have distributed around 11 000 specimen collection packs per day in April 2022, while the 19 community testing centres and mobile specimen collection stations are now able to conduct a total of around 60 000 nucleic acid tests on average per day. To encourage the elderly to undergo frequent COVID-19 testing for effective and early identification of infected persons, the Government has extended the free COVID-19 nucleic acid test service to elderly people aged 60 or above.

Item	Measures	Eligibility/Brief Description
13.	Funding for Provision of about 2 000 Quarantine Units at Penny's Bay	Construction of 2 000 units (under Phase 3A, 3B and 4) was completed in November/December 2020 at Penny's Bay to ensure that adequate quarantine capacity is available to sustain our public health regime.
14.	Relocation and expansion of test and hold facilities of Department of Health	To strengthen the prevention of importation of COVID-19 and ramp up the capacity of the "test and hold" facilities for inbound travellers arriving in Hong Kong by air, the Temporary Specimen Collection Centre (TSCC) has been relocated from AsiaWorld Expo to the Midfield Concourse of the Hong Kong International Airport. Before the introduction of rapid Polymerase Chain Reaction test at TSCC in December 2020, a holding hotel with higher capacity had been engaged as Holding Centre for Test Result for holding arriving travellers who need to wait overnight for their COVID-19 test result.
15.	Universal Community Testing Programme	To provide all Hong Kong residents without symptoms a one-off COVID-19 test for free from 1 to 14 September 2020 to identify as early as possible asymptomatic COVID-19 patients in the community and achieve the target of early identification, early isolation and early treatment to cut the community transmission chain.
16. Financial relief to tour service coach drivers Each eligible tour service coach driver will be provided with a one-off subsidy of \$6,700.

For travel agents which have successfully applied for subsidy under the Travel Agents and Practitioners Support Scheme under the second-round AEF or the Tourism Industry Support Scheme under the third-round AEF, the headcount to be used for calculating the cash subsidy under the Scheme cannot exceed that already approved under second-/third-round AEF. For travel agents which have not applied for subsidy under the Travel Agents and Practitioners Support Scheme under the second-round AEF or the Tourism Industry Support Scheme under the third-round AEF, the headcount to be used for calculating the cash subsidy under the Scheme cannot exceed the number of staff members on 31 March 2020 vetted by the approving authority.

Item	Measures	Eligibility/Brief Description
		Eligible tour service coach drivers are those tour service coach drivers (mainly serving tourists) who have received subsidy from the Tourism Industry Support Scheme under the third-round AEF.
18.	Designated Quarantine Hotel Scheme	The Designated Quarantine Hotel Scheme, which has been fully implemented on 22 December 2020, mandates that all returnees who have stayed in places outside Mainland China and Macau to undergo the compulsory quarantine at designated quarantine hotels, with a view to further reducing their contact with the local community.
		The Government will guarantee a 50% occupancy for designated quarantine hotels and will provide a subsidy if it falls short. The hotels need to put in place stringent measures to restrict members of the public from accessing to the hotel premises other than areas that have been properly segregated, and disallow visitation to quarantine guests etc., with a view to minimising the risk of infection in the community.
		Since the implementation of the Scheme, the Government has been deploying dedicated staff to inspect the designated quarantine hotels to ensure the Government's requirements are complied with.
19.	Greater Bay Area Youth Employment Scheme	The Scheme provides 2 000 places, of which about 700 are innovation and technology posts, for graduates who have obtained their bachelor's degrees or above in 2019 to 2021. Participating enterprises are required to employ the graduates in Hong Kong at a monthly salary of not less than HK\$18,000 and station them in the Mainland cities of the Greater Bay Area to work there.
		To encourage enterprises to join the Scheme and compensate them for the additional expenses on employing and training the graduates, participating enterprises will be reimbursed a monthly allowance of HK\$10,000 by the Government for each qualified graduate employed for a maximum period of 18 months.

Item	Measures	Eligibility/Brief Description
40.	Designated transport services for carrying COVID-19 patients to designated clinics and community isolation facilities	Since 18 February 2022, the Government together with the taxi trade have set up a designated taxi fleet mainly for transporting COVID-19 patients with mild symptoms who require diagnosis and treatment to and from Hospital Authority's designated clinics and their place of accommodation. A daily subsidy of \$3,500 will be provided for each designated taxi. Since 21 February 2022, the Government together with the non-franchised bus and public light
		bus trades have set up a designated bus fleet for transporting COVID-19 patients to designated community isolation facilities. A daily subsidy of \$5,500 and \$4,500 will be provided for each large bus and medium or light bus respectively.
41.	Funding for Provision of Isolation, Treatment and Related Facilities	To construct community isolation facilities, providing a total of about 16 000 units to support anti-epidemic work.
42.	Support for Implementation of Cargo Transfer Proposal in Hong Kong in Maintaining a Stable Supply of Goods from the Mainland	To further stablise the goods supply to Hong Kong through land transport, the Transport and Housing Bureau has been working with the Mainland authorities to follow up on the cargo transfer arrangements as a contingency measure in response to the latest epidemic situation in the city, so as to reduce the risk of epidemic transmission in both the Mainland and Hong Kong, ensuring both smooth cross-boundary land transport and a stable goods supply to Hong Kong.
43.	2022 Employment Support Scheme (2022 ESS)	The 2022 ESS provides wage subsidies to employers for three months (i.e. May, June and July 2022) to retain their current employees or even employ more staff when the business revives as soon as the epidemic situation permits. Eligible self-employed persons can also apply for a one-off subsidy.
		Employers Employers
		Employers can apply in the capacity of a company / corporation / organisation / natural person . All employers who have participated in Mandatory Provident Fund (MPF) Schemes or set up
		Occupational Retirement Schemes (ORSO Schemes) on or before 31 December 2021 are

Item	Measures	Eligibility/Brief Description
		eligible for the 2022 ESS, except those listed in Part I of the Exclusion List ³¹ . For employers who have applied for the first and/or second tranche of the 2020 Employment Support Scheme (2020 ESS), they should have fully settled all clawback/penalty (if any) on or before 10 May 2022.
		Employers whose applications had been successfully approved in the 2020 ESS should specify the records they intend to use by the government-appointed agent to calculate the "subsidised quota cap" and the "maximum subsidy amount". Other applicants should use their records as at the fourth quarter of 2021 (2021 Q4 records) as the calculation basis. Besides, a "sector-specific cap" of 100 eligible employees would apply on employers whose declared core business belong to sectors in the Restricted List32. Other employers would have a "sector-specific cap" of 1 000 eligible employees.
		Employers should apply for each subsidy month (i.e. May, June and July 2022) the number of employees in different categories (i.e. "Full subsidy headcount", "Half subsidy headcount" and "Elderly subsidy headcount") they intend to hire and receive subsidies for. The government-appointed agent will calculate the subsidy amount eligible for each month (i.e. \$8,000 x "full subsidy headcount", \$4,000 x "half subsidy headcount" and \$4,000 x "elderly subsidy headcount").

³¹ Including HKSAR Government, the Legislative Council of the HKSAR, the Judiciary of the HKSAR, offices of other governments and international organisations, specified statutory bodies and corporations, specified public organisations, government-owned companies or subvented organisations, etc.

The Restricted List includes a total of 13 industries which are regarded as not/less affected by the fifth wave of the coronavirus disease-2019 epidemic. If an employer's core business falls under the listed industries, the employer can only apply for wage subsidies for a maximum number of 100 eligible employees under the 2022 ESS.

Item	Measures	Eligibility/Brief Description
		Employers should undertake to employ sufficient number of employees in fulfilling the specified criteria ³³ in headcounts in each subsidy month, and reflect the respective employment situation in the records of the MPF Schemes/ORSO Schemes. Those who could not fully fulfil the undertaking in any month within the subsidy period would be required to return the relevant subsidy amount and also pay a penalty equivalent to 10% of the subsidy amount to be returned. Self-employed persons (SEPs) SEPs who have successfully created an MPF "Self-employed person" account (MPF SEP account) on or before 31 December 2021, which has not been terminated at the time of application, will be eligible for a one-off subsidy of \$8,000.
44.	Ex-gratia Allowance for Affected Households of Transitional Housing Project Converted into Community Isolation Facility	Each applicant-household that had signed the tenancy agreement with the Non-government Organisation of the Kong Ha Wai Transitional Housing Project (Phase 1) on or before 28 February 2022 (when the Government announced requisition of the Transitional Housing Project as Community Isolation Facilities (CIF)) and was affected by the Government's decision to convert this Transitional Housing Project into CIF will be provided with a one-off ex-gratia allowance of \$8,000 in June to July 2022 (about a month after moving-in commencing on 28 May 2022).

³³ The criteria include:

⁽¹⁾ the number of employees with a monthly wage of \$8,000 or above is no less than the chosen "full subsidy headcount";

⁽²⁾ having fulfilled the headcount requirement in criteria (1), the number of remaining employees with a monthly wage of \$4,000 or above is no less than the chosen "half subsidy headcount";

⁽³⁾ the number of employees aged 65 or above with a monthly wage of \$4,000 or above is no less than the chosen "elderly subsidy headcount"; and

⁽⁴⁾ the number of employees with a monthly wage of \$4,000 or above is no less than the "chosen subsidised headcount".

Convention and Exhibition Industry Subsidy Scheme Policy Bureau: Commerce and Economic Development Bureau Implementation: Hong Kong Trade Development Council, Hong Kong Convention and Exhibition Centre and AsiaWorld- Expo	1,020 ³	Convention/exhibition organisers and participants	The part of the scheme regarding exhibitions and international conventions held at the Hong Kong Convention and Exhibition Centre (HKCEC) and AsiaWorld-Expo (AWE) commenced on 3 October 2020, while that regarding exhibitions and major conventions organised by the Hong Kong Trade Development Council commenced on 30 November 2020. Both parts of the Scheme will last until 31 December 2022. As at 6 May 2022, subsidies of about \$305 million have been approved, involving 118 events. In addition, one-off immediate relief of about \$41 million have been provided to private organisers of 73 exhibitions which were held at the HKCEC and AWE in at least any five calendar years from 2015 to 2021. This part of the measure has completed.

The Commerce and Economic Development Bureau allocated \$50 million in January 2020 to subsidise local small and medium enterprises to participate in exhibitions held by the Hong Kong Trade Development Council. The subsidy was later subsumed under the Convention and Exhibition Industry Subsidy Scheme. Hence, the total expenditure of the Scheme amounts to \$1,070 million.

				Of the \$40 billion of credit limits benefiting from the Scheme, the top-up portion accounted for 45% (\$18.29 billion). The cumulative amount of shipments covered under the top-up portion amounted to \$22.06 billion, with outstanding shipments totaling \$704 million.
3.	Procurement of Private COVID-19 Testing Services Policy Bureau: Commerce	1,460	The estimated number of beneficiaries is around 6.1 million	To achieve the objective of "early identification, early isolation and early treatment", the Government has continued to implement testing services under a 3-pronged approach:
	and Economic Development Bureau, Development Bureau, Education Bureau, Environment Bureau, Financial Services and the Treasury Bureau, Food and Health Bureau, Home Affairs Bureau, Labour and Welfare Bureau, Security Bureau, Transport and Housing Bureau			(a) Compulsory testing on a mandatory basis: The Government has implemented the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) since 15 November 2020 to effectuate compulsory testing on a mandatory basis. Targeted groups (which include staff members of residential care homes for the elderly (RCHEs), residential care homes for pesons with disabilities (RCHDs) and nursing homes, day service units attached to the premises of RCHEs and RCHDs, household members of close contacts of confirmed cases, citizens in
	Implementation: relevant bureaux and departments			buildings resided by COVID-19 cases with mutant strain and inbound persons) are subject to compulsory testing so as to cut the latent transmission chain in the community. Foreign Domestic Helpers have also undergone two

Item	Measure	Estimated Expenditure (\$M)	Estimated No. of Beneficiaries	Implementation Progress
				rounds of compulsory testing in May 2021.
				(b) Targeted testing on an obligatory basis: On risk assessment basis, testing is arranged on a continuous basis for targeted groups including staff of catering business / scheduled premises, construction site personnel, working staff of quarantine centres / hotels, designated quarantine hotels / facilities and relevant designated transport, airport staff, designated staff of container terminals and shipping services, designated cold store practitioners, practitioners working at Sheung Shui Slaughterhouse, school staff, working staff of community testing centres (CTCs) and mobile specimen collection stations.
				Staff of high-risk and high-exposure groups had been required to undergo more frequent regular virus testing as a way to counter the latest development of the COVID-19 epidemic and mutant strains, and also as a more stringent anti-epidemic measure to complement the "dynamic zero-COVID" strategy.
				(c) Voluntary testing: To support enhanced contact tracing, domestic contact of close contacts can also receive free tests. Also, persons with "LeaveHomeSafe" COVID-19 exposure notification, or SMS notification from the

				Centre for Health Protection of the Department of Health, individuals who perceived themselves as having a higher risk of exposure or experienced mild discomfort can receive testing through various channels. To encourage the elderly to undergo frequent COVID-19 testing for effective and early identification of infected persons, the Government has extended the free COVID-19 nucleic acid test service to elderly people aged 60 or above.
				Free testing for the public are provided through 169 specimen collection packs distribution points (namely 29 general outpatient clinics of the Hospital Authority, 120 post offices, and vending machines at 20 MTR stations) and 58 collection points. The above three channels have distributed around 11 000 specimen collection packs per day in April 2022. To further assist those working at the Hong Kong International Airport (HKIA) to undergo COVID-19 testing, the Government had set up a new CTC at HKIA on 14 October 2021. The 19 CTCs and mobile specimen collection stations are now able to conduct a total of not less than 60 000 nucleic acid tests on average per day.
				Since the fifth wave of epidemic starting from 31 December 2021 to 6 May 2022, the Government

Item	Measure	Estimated Expenditure (\$M)	Estimated No. of Beneficiaries	Implementation Progress
				has conducted around 17.35 million tests, of which 887 874 samples were tested preliminarily positive (5.12%), successfully cutting silent transmission chains in the community.
				As at 6 May 2022, a total cost of around \$1,460 million has been tentatively incurred.
4.	Designated Quarantine Hotel Scheme Policy Bureau: Food and Health Bureau	332.1	Participating hotels with an average occupancy rate below 50%	To further prevent importation of COVID-19 cases and reduce contact between travellers from overseas and the local community, the Government fully implemented the Designated Quarantine Hotel Scheme on 22 December 2020.
	Implementation: Department of Health			Five cycles of the Scheme has completed, covering the period of end December 2020 to end November 2021. The subsidy paid to hotels with average occupancy rate below 50% and the total claims for reimbursement of special cleansing and disinfection services were about \$73 million and \$3.2 million respectively. The sixth cycle was ended on 28 February 2022. The claim for subsidy with average occupancy rate below 50% and the claim for reimbursement of special cleansing and disinfection services is being processed.
				The current cycle (i.e. the seventh cycle) runs from 1 March to 31 July 2022, originally with 44 participating hotels offering around 12 500 rooms

				at different price ranges. Nevertheless, in view of the development of the pandemic, the service of some hotels were temporarily suspended and turned to serve as community isolation facilities (CIF) hotels for positive cases with minor symptoms and quarantine hotel for close contact. Subsequently, the Government announced on 26 March that in view of the place-specific flight suspension mechanism for nine places would be lifted and the quarantine arrangement for Hong Kong residents returning from overseas would be adjusted on April 1, after assessing the usage of CIFs, the Government decided to convert 13 hotels, which have earlier been turned into CIFs, back to DQHs to supplement over 4 400 rooms on top of the current supply. Furthermore, the Government announced on 12 April and 29 April respectively that in anticipation of the continuously increasing number of inbound travellers, the Government decided to convert in total 12 hotels that had earlier been used/reserved as CIFs to DQHs, providing around 6 000 additional rooms. Subsequently, in view of the adjustment to the inbound control measures according to risk-based assessment from 1 May onwards, we invited hotels to submit applications to enlist them as DQHs in the seventh cycle in late April to meet the anticipated increase in the number of inbound travelers. It estimated that there will be around 60 hotels providing around 22 000 rooms in the seventh cycle.
