<p><b>3. Promoting the sustainable development of mariculture</b></p> <p>Item proposed by the Administration.</p>	To be confirmed

**Proposed timing  
for discussion**

**Subject**

The Administration plans to brief members on the work of the Agriculture, Fisheries and Conservation Department to promote sustainable development of mariculture (including measures facilitating Hong Kong fishermen to develop deep-water mariculture in the Greater Bay Area).

**4. Wholesale market consultancy study**

To be confirmed

At the meeting on 10 June 2014, members noted that the Administration had commissioned a consultancy study on the present-day functions and purpose of the wholesale business in the sale of fresh food produce, and to analyse the geographical spread of the five existing wholesale markets from the perspectives of land use and food safety.

At the meeting on 11 October 2018, members considered it necessary for the Administration to brief members on the outcome of the consultancy study (including the timetable, proposed sites and detailed plan for relocating Cheung Sha Wan Temporary Poultry Market and Yau Ma Tei Wholesale Fruit Market).

At the meeting between the Chairman, the Deputy Chairman and the Secretary for Food and Health to discuss the work plan of the Panel ("work plan meeting") for the 2020-2021 session held on 23 November 2020, the Administration undertook to, upon the Chairman's request, review whether it could report to the Panel on this study in the 2020-2021 session.

According to the Administration, the Development Bureau is responsible for the wholesale market consultancy study. The Bureau expects that the study will be completed by 2021. The Government will report to the Panel (or the Panel on Development) on the progress in due course. It is expected that the subject will be put to discussion in the next session.

<b>5. Regulating and monitoring the activities of oyster culture in Hong Kong</b>	To be confirmed
<p>At previous meetings of the Panel, concern was expressed about the over-expansion of oyster culture in Shenzhen Bay and the need of introducing in Hong Kong a licensing mechanism for regulating the activities of oyster culture. There was a suggestion that the issue of regulating and monitoring the activities of oyster culture in Hong Kong should be discussed by the Panel.</p>	
<b>6. Issues relating to the relocation of Yen Chow Street Temporary Hawker Bazaar to Tung Chau Street Market</b>	To be confirmed
<p>At the meeting on 12 October 2017, Hon SHIU Ka-chun suggested that the Panel should follow up and discuss issues relating to the relocation of Yen Chow Street Temporary Hawker Bazaar to Tung Chau Street Market, including how the Administration would address the needs and concerns of street sleepers in the vicinity of Tung Chau Street Market arising from the Administration's plan to improve the surroundings of Tung Chau Street Market.</p>	
<p>At the work plan meeting for the 2020-2021 session on 23 November 2020, the Chairman requested the Administration to find out with relevant bureaux/departments the latest development of the relocation plan and report to members on the subject matter or provide an information paper on the work progress in due course.</p>

setting up of an approved distribution and storage centre for chilled meat and poultry with a view to reducing food safety risks, members requested that the subject matter be discussed at a future meeting.

At the work plan meeting for the 2020-2021 session on 23 November 2020, the Administration undertook to, upon the Chairman's request, provide an information paper to report on the latest progress of the subject matter within the 2020-2021 session.

**8. Regulatory control of genetically modified food**

-

At the meeting on 12 March 2013, the Panel was briefed on the Administration's proposal on regulating genetically modified ("GM") food by introducing a mandatory pre-market safety assessment scheme ("PMSAS") in Hong Kong. At the meeting on 11 July 2017, the Administration advised that it would launch a public consultation on PMSAS in due course, taking into account the international development on regulation of GM food.

At the work plan meeting for the 2019-2020 session on 4 November 2019, the Administration was requested to step up efforts to encourage the trade to voluntarily adopt GM food labelling and to review the trade's receptiveness to those recommendations set out in the "Guidelines on Voluntary Labelling of Genetically Modified Food" issued by the Centre for Food Safety in 2006.

At the work plan meeting for the 2020-2021 session on 23 November 2020, the Administration undertook to, upon the Chairman's request, provide an information paper to report on the latest progress of the subject matter within the 2020-2021 session.
