Progress Report of the Anti-epidemic Fund

Purpose

This paper aims to report to the Legislative Council (LegCo) the implementation progress of the measures introduced under the Anti-epidemic Fund (AEF) as of 25 August 2023.

Background

2. In light of the development of the coronavirus disease 2019 (COVID-19), the Government has taken vigilant anti-epidemic measures to contain the public health risk. Having regard to the negative impact of these measures on the livelihood of individuals and business operations, the Government secured the approval of the LegCo Finance Committee (FC) on 21 February 2020 for a commitment of \$30 billion to set up the AEF. The purposes of the AEF are to enhance Hong Kong's overall capability in combating the pandemic, and to provide suitable relief to businesses and individuals hard hit by the pandemic or more seriously affected by anti-epidemic measures. The Government subsequently secured the LegCo's further funding approval in April 2020, September 2020, December 2020, April 2021, February 2022, April 2022 and May 2022 to implement further AEF measures. A total financial commitment close to \$250 billion has been approved thus far.

3. The AEF is established under the Financial Secretary Incorporation Ordinance (Cap. 1015) (the Ordinance) with the Financial Secretary Incorporated (FSI) as its trustee, and operates according to the Declaration of Trust made under the Ordinance. To streamline the administrative process, FSI has delegated its powers to the Anti-epidemic Fund Steering Committee (Steering Committee) to receive, consider and approve proposals, and to monitor and coordinate matters related to the operation of the AEF. FSI also appointed the Director of Accounting Services to handle financial and accounting matters related to the AEF, such as opening bank accounts and keeping proper accounts and records, etc. The Steering Committee is chaired by the Chief Secretary for Administration with members including all relevant Directors of Bureaux¹ responsible for implementing the major initiatives under the AEF.

¹ Upon the re-organisation of the Government structure taking effect from 1 July 2022, the membership of the Steering Committee includes Chief Secretary for Administration (Chairman), Secretary for Commerce and Economic Development, Secretary for Culture, Sports and Tourism, Secretary for Development, Secretary for Education, Secretary for Environment and Ecology, Secretary for Financial Services and the Treasury, Secretary for Home and Youth Affairs, Secretary for Housing, Secretary for Innovation, Technology and Industry, Secretary for Labour and Welfare and Secretary for Transport and Logistics.

Financial Position and Implementation Progress of the AEF

4. As of 25 August 2023, 232 measures were approved under the AEF, with the total financial commitment amounting to close to \$250 billion. Over \$231.3 billion of funding were deployed/disbursed, benefitting close to 7 million persons² and over 1 million applications from enterprises/businesses, etc. The AEF measures cover various sectors, including the construction, property management, travel, catering, retail, convention and exhibition, arts and culture, innovation and technology, passenger transport, aviation, agriculture and fisheries, hotel, child care centres and registered private schools offering non-formal curriculum, etc. The AEF also provides support to a wide spectrum of employees and needy groups including licensed hawkers, frontline cleansing and security workers, low-income families, secondary, primary and kindergarten students, registered sports coaches, and school-related service providers (such as registered interest class teachers), as well as premises ordered to close under Cap. 599F or affected by the Government's social distancing measures. The 232 approved measures include:

- (a) 24 first-round AEF measures proposed in the enclosures of FCR(2019-20)46;
- (b) 33 second-round AEF measures proposed in the enclosures of FCR(2020-21)2;
- (c) 26 third-round AEF measures proposed in the enclosures of FCR(2020-21)71;
- (d) 19 fourth-round AEF measures proposed in the enclosures of FCR(2020-21)77;
- (e) 28 fifth-round AEF measures funded by the remaining balance of the AEF;
- (f) 48 sixth-round AEF measures proposed in the enclosures of FCR(2021-22)82;
- (g) 1 measure proposed in FCR(2022-23)1; and
- (h) 53 measures approved by the Steering Committee as proposed by relevant bureaux/departments having regard to the development of the pandemic, views from various industry stakeholders and their actual business situation.

Annex I sets out the brief description and eligibility criteria of the above measures.

² In addition, the Government has distributed over 10 million pieces of CuMask+™ in total.

5. The Government reported the progress of the implementation of the first-round AEF in the FC paper (FCR(2020-21)2) when seeking the FC's approval for the second-round injection on 17 April 2020. The Government further submitted 11 reports to LegCo, respectively in July and November 2020, February, May, August and December 2021, March, June and December 2022, March and July 2023 reporting the implementation progress of the AEF measures. This paper is the 13th report to the LegCo on the progress of the implementation of these measures. As of 25 August 2023, out of the 232 AEF measures, 199 have been completed. The remaining measures are largely completed, pending the conclusion of related administrative and accounting procedures. Meanwhile, only a few measures are still ongoing. The progress of the measures is set out at **Annex II**.

Conclusion

6. During the COVID-19 epidemic, the Government has introduced various rounds of relief measures including those under the AEF and the counter-cyclical measures introduced in the two previous Budgets (2020-21 Budget and 2021-22 Budget). These measures involved a total financial commitment of over \$500 billion. Introduced under the 2022-23 Budget in February 2022, the counter-cyclical measures costing a total of over \$170 billion, together with infrastructure projects spending and other items, were estimated to bring a fiscal stimulus effect of boosting the economy by around three percentage points.

7. The AEF provided timely, targeted and temporary relief to individuals and businesses in need at the time of the epidemic. Given that the epidemic has come to an end, and that all trades and industries as well as people's life have resumed full normalcy, the Government has no plan to provide additional funding for extending the validity or for the implementation of new AEF measures. However, ongoing measures will still be implemented upon their expiry, and the Steering Committee will continue to optimise the remaining balance of the AEF having regard to the views from various industry stakeholders and their actual business situation.

Item	Measures	Eligibility/Brief Description
1.	2020 Employment Support Scheme (2020 ESS)	<p>The 2020 ESS maintains employment during the epidemic by providing time-limited financial support to employers to retain their employees who may otherwise be made redundant. The ESS should be used for paying wages to maintain employment opportunities for workers. Eligible employers participating in ESS will be required to provide an undertaking² (1) not to make redundancies during the subsidy period; and (2) to spend all the wage subsidies on paying wages to the employees.</p> <p><u>Employers</u></p> <p>All employers who have been making Mandatory Provident Fund (MPF) contributions or have set up Occupational Retirement Schemes (ORSO schemes) for their employees will be eligible for ESS, except those on the exclusion list³. The Government will provide wage subsidies to eligible employers for 6 months. The amount of subsidies for an employer would be calculated on the basis of 50% of the actual wages paid to employees at a specified month, with a wage cap at \$18,000 per month (i.e. maximum subsidy is \$9,000 per month per employee). Subsidies will be disbursed in two tranches. The first tranche of subsidies will cover the period from June to August 2020, while the second tranche will cover the period from September to November 2020.</p> <p>For employers who have been participating in MPF schemes (including Master Trust Schemes and Industry Schemes) will be eligible to apply for wage subsidies in respect of the following categories of employees:</p> <p>(a) "regular employees" under the Master Trust Schemes and Industry Schemes for whom MPF mandatory contributions have been made by their employers; and</p> <p>(b) employees aged 65 or above under the Master Trust Schemes and Industry Schemes.</p>

² For an employer who has successfully applied for subsidies, if he/she fails to use all the wage subsidies received for a particular month during the subsidy period concerned to pay the wages of his/her employees in the same month, the Government will claw back the unspent balance of the subsidy. Furthermore, if the number of employees on the payroll in any one month of the subsidy period is less than the number of paid or unpaid staff in March 2020, the employer will have to pay a penalty to the Government.

³ Including HKSAR Government, statutory bodies such as Hospital Authority, Housing Authority, Hong Kong Monetary Authority, Urban Renewal Authority, MTR Corporation Limited, Airport Authority, Hong Kong Housing Society, West Kowloon Cultural District Authority, etc.

12.	Procurement of Private COVID-19 Testing Services	The Government's current virus testing strategy is to continue and expand compulsory testing on a mandatory basis, targeted testing on an obligatory basis and testing on a voluntary basis so as to achieve the objective of "early identification, early isolation and early treatment". As such, specified persons of high risk are required to undergo compulsory testing on a mandatory basis, targeted groups are arranged to undergo testing on an obligatory basis, and the Government also encourages members of the public to undergo voluntary testing to achieve voluntary testing on a large scale.

Item	Measures	Eligibility/Brief Description
		<p>Regarding compulsory testing on a mandatory basis, the Government has implemented the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) since 15 November 2020 to effectuate compulsory testing on a mandatory basis.</p> <p>For targeted testing on an obligatory basis, the Government also arranges testing for targeted groups based on risk assessment. Testing is currently arranged on a continuous basis for targeted groups including staff of catering business / scheduled premises, construction site personnel, working staff of quarantine centres/hotels, designated quarantine hotels / facilities and relevant designated transport staff, airport staff, designated staff of container terminals and shipping services, designated cold store practitioners, practitioners working at Sheung Shui Slaughterhouse, school staff, and working staff of community testing centres and mobile specimen collection stations.</p> <p>Staff of high-risk and high-exposure groups had been required to undergo more frequent regular virus testing as a way to counter the latest development of the COVID-19 epidemic and mutant strains, and also as a more stringent anti-epidemic measure to complement the “dynamic zero-COVID” strategy.</p> <p>On voluntary testing, the Government continues to provide convenient testing service to individuals who perceive themselves as having a higher risk of exposure or experience mild discomfort through various channels, including free testing for the public through 169 specimen collection packs distribution points (namely designated general outpatient clinics of the Hospital Authority, 120 post offices, and vending machines at 20 MTR stations) and 58 collection points. The above three channels have distributed around 11 000 specimen collection packs per day in April 2022, while the 19 community testing centres and mobile specimen collection stations are now able to conduct a total of around 60 000 nucleic acid tests on average per day. To encourage the elderly to undergo frequent COVID-19 testing for effective and early identification of infected persons, the Government has extended the free COVID-19 nucleic acid test service to elderly people aged 60 or above.</p>
