(Attention: Mr LAW Wing-lok, Clerk to Bills Committee)

Dear Sirs,

Re: Hong Kong Sports Development Board (Amendment) Bill 1999

The Hong Kong Sports Development Board (Amendment) Bill expands the membership of the Board from the original 13 to 17 with an increase of only one member from the SF & OC. We believe that the increase of one more member from the SF & OC will not be effective. If Government truly wants to solve the continuous conflict between the SDB and the NSAs, they should take this opportunity to include more members representing NSAs on the Board. We believe to have the NSAs fairly represented, 1/3 of the Board must be representatives of NSAs. The SF & OC should be assigned with the task of selecting among their federation the NSAs for the SDB Board membership.

We sincerely hope that members of the Bills Committee would consider our submission favourably.

Yours respectfully,

Karl C. Kwok
