Dear Mrs. Li,

**Subcommittee on
Regulations relating to Occupational Safety and Health
Factories and Industrial Undertakings (Medical Examinations) Regulation**

This refers to your letter of the 9th March 2000 on the above subject.

We agree that when a worker is found temporarily unfit for employment in his particular occupation after medical examination, the employer should as far as practicable arrange a change of post for the worker concerned. We have no objection to the addition of a new subsection (3) under section 12 of the proposed Regulation.

Regards,

Yours sincerely,

Albert Y.C. Tong
Executive Director
