Dear Ms Chan,

**LegCo Panel on Health Services
Review of the Human Organ Transplant Ordinance**

Thank you for your letter dated 11 November 1998. I am directed by the President of our College to study the Human Organ Transplant Ordinance in the light of new development and changes. As it takes time for me to solicit opinion from members of my committee; it is not possible for our views to reach you by 18 November 1998. I shall write to you as soon as we complete our study.

Best regards,

Yours sincerely,

Dr CS Li
