

LEGISLATIVE COUNCIL BRIEF

Animals and Plants (Protection of Endangered Species) Ordinance
(Chapter 187)

ANIMALS AND PLANTS (PROTECTION OF ENDANGERED SPECIES) ORDINANCE (AMENDMENT OF SCHEDULES) NOTICE 1999

INTRODUCTION

Section 19(1A) of the Animals and Plants (Protection of Endangered Species) Ordinance (“the Ordinance”) empowers the Secretary for Economic Services to amend Schedules 1, 2 or 3 or the Sixth Schedule to the Ordinance by notice published in the Gazette. In exercise of this power, the Secretary for Economic Services has made the Animals and Plants (Protection of Endangered Species) Ordinance (Amendment of Schedules) Notice 1999 (“the Notice”) at the Annex.

BACKGROUND AND ARGUMENT

2. The Convention on International Trade in Endangered Species of Wild Fauna and Flora (“CITES”) extends to the Hong Kong Special Administrative Region through the ratification made by the People's Republic of China. It requires that the import and export of the following species listed in its Appendices be subject to control -

- (a) Appendix I Species which are highly endangered and threatened with extinction.
- (b) Appendix II Species which, unless trade is controlled, could be threatened with extinction.
- (c) Appendix III Species identified by any party to CITES as requiring protection from over-exploitation through international

trade.

3. The Ordinance gives effect to CITES in Hong Kong. It provides that a licence is required for the import, export, possession or control of any species listed in the Schedules to the Ordinance. The Schedules to the Ordinance cover the endangered species listed in the Appendices I, II and III to CITES.

4. At the tenth meeting of their Conference held in June 1997, the Parties to CITES reviewed and amended the listing of endangered species in the Appendices to CITES. We propose to amend Schedules 1, 2 and 3 and the Sixth Schedule to the Ordinance to reflect the amendments made to the Appendices by the Parties to CITES. The Secretary for Economic Services has made the Animals and Plants (Protection of Endangered Species) Ordinance (Amendment of Schedules) Notice 1999 under section 19(1A) of the Ordinance to effect the change.

THE NOTICE

5. The Notice revises Schedules 1, 2 and 3 and the Sixth Schedule to the Ordinance to reflect the amendments made to the Appendices to CITES by the Parties to CITES.

HUMAN RIGHTS IMPLICATIONS

6. The Department of Justice advises that the Notice is consistent with the human rights provisions of the Basic Law.

BINDING EFFECTS

7. The Notice does not affect the current binding effects of the Ordinance and its subsidiary legislation.

FINANCIAL AND STAFFING IMPLICATIONS

8. There are no financial and staffing implications.

ECONOMIC IMPLICATIONS

9. The proposal has no significant economic implications.

PUBLIC CONSULTATION

10. The Endangered Species Advisory Committee, which comprises representatives from the scientific community and the trade, has been consulted and has no objection to the proposal.

PUBLICITY

11. The Notice will be published in the Gazette on 5 February 1999. A press release will be issued on the same day and a spokesman will be available to handle enquiries.

ENQUIRY

12. Any enquiry on this brief should be directed to Miss Dora Fu, Principal Assistant Secretary for Economic Services on tel. 2810 2507 or fax 2868 4679.
