Dear Betty,

Bills Committee on Broadcasting Bill

Thank you for your letter of 22 May 2000 enclosing a copy of the submission from the Satellite Television Rentals Ltd. (STR) expressing views on clause 7 of the Broadcasting Bill (the Bill). Our response to the submission is set out below.

The submission

STR's proposals, if I summarize them correctly, is that clause 7 of the Bill should be amended to cover -

- (a) the import of digital decoders licensed and copyrighted for use in other countries into Hong Kong for sale; and
- (b) the re-export of such digital decoders.
