(Attn.: Miss Polly YEUNG)

Dear Miss YEUNG,

**Supplementary information on  
275EP - Primary school in Area 10, Tsing Yi**

When Members considered PWSC(2000-01)40 on **275EP** at the Public Works Subcommittee meeting on 7 June 2000, the Administration undertook to provide further information on the design of the triangular open space on consultation with the sponsor.

Housing Department is the works agent for this project and the school premises was allocated to the SKH Chu Yan Primary School in the School Allocation Exercise on 14 June 2001. The school sponsor has recently been consulted by the Education Department and the Housing Department on the design for the open area and agreed that the triangular space located at the north-western corner of the school site will now be designed as a landscaped cum social activity area for the students as an enhancement to the original playground. About one third of the space will consist of a hard paved area. The remainder will be landscaped and the total cost is in the order of \$500,000 which will be borne by the Housing Authority, as originally agreed. The revised layout plan of **275EP**, showing the design of the open space, is attached.

Yours sincerely,

(S H PAU)
