Dear Mrs Li,

LegCo Panel on Education
Y2K Compliance Exercise

I refer to your letter of 14.10.99, requesting a further report on systems for which Y2K validation lists and contingency plans are still not completed.

This Bureau submitted to the Panel on 9.9.1999 a Progress Report of Year 2000 Compliance Exercise in Government Departments Responsible for Education Matters and Non-government Organisations in the Education Field, which showed that, as at 15 August 1999, all except one mission-critical systems were confirmed to be Y2K compliant. I now write to confirm that as from 15 September 1999, all mission-critical computer and embedded systems in the relevant departments and non-government organisations (NGOs) have been confirmed to be Y2K compliant and contingency plans have been in place in all of these departments and NGOs.

Should Members need any further information, please let me know.

Yours sincerely,

(Kenneth Cheng)
for Secretary for Education and Manpower
