

Legislative Council Panel on Public Service

Creation of one Directorate Post in the Civil Service Bureau

PURPOSE

This paper briefs Members on the Administration's proposal to create one directorate post in the Civil Service Bureau (CSB) to co-ordinate the implementation of a Mandatory Provident Fund (MPF) scheme for government employees and to take forward proposals relating to the establishment of a Civil Service Provident Fund (CSPF) scheme as a new retirement benefits system for new recruits to the civil service.

BACKGROUND

2. The territory-wide MPF system will come into operation by December 2000. Government as an employer will be required under the MPF Schemes Ordinance (MPFSO), Chapter 485, to arrange for its employees not covered by the civil service pension schemes to join a MPF scheme registered with the MPF Schemes Authority before December 2000.

3. On 14 January 1999, the Chief Executive announced an overall review and reform of the Hong Kong Civil Service management system with a view to achieving greater openness and enhanced efficiency in the system. In March 1999, CSB published the Civil Service Reform Consultation Document, setting out the scope of the reform which covers several major policy areas in staff management, including, inter alia, the review of the retirement benefits system.

4. The current trend in the private sector and other governments is to set up contributory provident funds in place of pension schemes as the retirement protection system. Some of the features of a provident fund scheme such as portability of benefits may also be conducive to modernising the civil service appointment system and facilitate the interflow of expertise and experience between the civil service and the private sector. To ensure that the retirement protection of the civil service is in step with present day circumstances and the future needs of the civil service, it would be desirable to explore the setting up of a new retirement benefits system, based on a CSPF scheme.

PROPOSAL

5. The Secretary for the Civil Service (SCS) proposes to create one supernumerary post of Administrative Officer Staff Grade "C" (AOSGC) (D2) for 24 months with effect from 1 April 2000 in the CSB to head a special duties team to co-ordinate the implementation of a MPF scheme for government employees and other related tasks and to take forward proposals relating to the establishment of a CSPF scheme as a new retirement benefits system for new recruits to the civil service.

JUSTIFICATION

6. The proposed AOSGC will attend to the full range of preparatory work required for setting up the MPF scheme for government employees not covered by the civil service pension schemes, in compliance with the MPFSO. It is estimated that about 29 000 employees of the Government will be covered by the MPF scheme.

7. In addition, the AOSGC will be responsible for taking forward the proposal to explore the introduction of a CSPF scheme as a new retirement benefit system, in place of the existing civil service pension schemes, for new recruits to the civil service, involving a consultancy study on the civil service retirement benefits system and its feasibility, and design of a CSPF scheme. The officer will monitor the consultancy study, co-ordinate with relevant bureaux and departments to provide the necessary policy input and organise service-wide consultation with all interested parties.

Mandatory Provident Fund (MPF) Scheme

8. In connection with the implementation of the territory-wide MPF system, a special duties team is needed to undertake preparatory work for setting up a MPF scheme in compliance with the law for government employees. This will include exploring the appropriate means of setting up the scheme, examining and aligning existing government human resource management practices where necessary and appropriate to ensure compliance with the MPF requirements, acquiring MPF services from approved service providers, publicising the MPF arrangements to government employees concerned, and co-ordinating the implementation of administrative and accounting arrangements in connection with the MPF scheme.

Civil Service Provident Fund (CSPF) Scheme

9. We proposed in the Civil Service Reform Consultation Document issued on 8 March 1999 to enlist the expertise of consultants to work out proposals on the setting-up of a CSPF scheme in place of the existing pension

schemes as the retirement protection system for new recruits to the civil service. The majority of comments received support the idea of exploring the development of a CSPF scheme provided that any switch of the serving officers to the scheme if developed will be on a voluntary basis. To this end, CSB has commissioned a consultancy study on the design and implementation of a CSPF scheme in January 2000. The consultancy study will be undertaken in two stages. We aim to complete Stage One of the study in six months' time and to start consultation with the staff sides, other stakeholders and interested parties. We hope to be able to commence the Stage Two implementation study after consultation with a view to completing the study within 2001.

10. The CSB will be responsible for overseeing and steering the work of the consultants, including providing directives and steers on the direction of research and study, providing policy input to the study and formulation of proposals, options and recommendations, co-ordinating the provision of necessary information and data to enable the research and study, monitoring the progress of the consultants and ensuring the quality of their output and deliverables. In addition, CSB will be responsible for the interface between the consultants and relevant government policy bureaux, departments, grades and other relevant parties including the MPF Schemes Authority and the staff sides, to co-ordinate their input to the study as well as to keep them posted of progress and key issues relevant to them.

11. CSB will also need to co-ordinate deliberations of the recommendations and options arising from Stage One of the consultancy study, including the parameters and design of the proposed CSPF scheme, within the Administration, as well as consultation with the staff sides, advisory bodies, other stakeholders and interested parties. To this end, a working group with involvement of the staff sides will be formed to discuss matters relating to the proposed CSPF scheme and the consultancy. After consultation, the proposals will be refined and Stage Two of the consultancy study will be commissioned to study various implementation-related issues. CSB will also be responsible for co-ordination of the implementation of the finalised recommendations and proposals.

12. Given the complexity and quantity of additional work involved in these tasks, we consider it necessary to have a dedicated D2 officer, to be supported by a special duties team, to lead the project. The proposed AOSGC will report to Deputy Secretary (Civil Service)1 (DS(CS)1). At present, DS(CS)1 has the support of two Principal Assistant Secretaries (PASs) ranked at the level of AOSGC and a Principal Executive Officer (PEO). The two PASs and PEO are responsible for policies on appointments policy, pensions, management of the Administrative Officer grade and administrative matters in CSB. They are already fully committed to their existing schedules and it would be impossible for them to absorb the duties of the proposed AOSGC post. The long term staff resources required for administering the CSPF scheme, after its implementation, will be considered separately.

13. The proposed duty list of the AOSGC is at Annex I. The organisation charts of the special duties team and its relationship with other divisions in CSB are at Annexes II and III respectively.

WAY FORWARD

14. The proposal will be submitted to the Establishment Subcommittee on 23 February 2000 for recommendation to the Finance Committee for approval.

Civil Service Bureau
February 2000

**Job Description of the Proposed Post of
Principal Assistant Secretary (Civil Service) (Special Duties)2**

Post Title : Principal Assistant Secretary (Civil Service)
(Special Duties)2

Rank : Administrative Officer Staff Grade “C” (D2)

Responsible to : Deputy Secretary (Civil Service)1

Main duties and responsibilities :

As head of the Special Duties Team, the AOSG”C” is responsible for –

1. co-ordinating and overseeing the setting up of a Mandatory Provident Fund (MPF) scheme for government employees not covered by the civil service pensions schemes.;
2. overseeing the commissioning and conduct of a consultancy study on the new civil service retirement benefits system, including monitoring and managing the consultants and supporting the steering group in guiding the consultancy study;
3. co-ordinating with policy bureaux, departments, grades and other relevant parties including the MPF Schemes Authority on matters relating to the development, formulation and implementation of a CSPF scheme;
4. co-ordinating the staff sides’ involvement in the process of studying and devising the proposed CSPF scheme and supporting the consultation with the staff sides on proposals and options for the CSPF scheme;

5. overseeing and co-ordinating the implementation of the CSPF scheme including implementation strategies, institutional arrangements for day-to-day administration, and other necessary administrative or legislative changes; and
- 6 overall co-ordination of matters relating to the proposal to establish a Civil Service Provident Fund (CSPF) scheme as a new retirement benefits system for the civil service and supporting the formulation of a policy for establishing the CSPF scheme.
