

## **Legislative Council Panel on Trade and Industry**

### **SPECIAL FINANCE SCHEME FOR SMALL AND MEDIUM ENTERPRISES**

#### **INTRODUCTION**

This paper reports on the latest position of the Special Finance Scheme for Small and Medium Enterprises (the Scheme).

#### **LATEST STATISTICS**

2. As of 4 May 2000, a total of 11,760 applications referred to the Government by participating lending institutions have been approved. The cumulative sums of guarantees committed and loans facilitated amount to about HK\$5,584 million and HK\$8,824 million respectively. There are 110 default cases and the Government guarantees involved in these cases amount to about HK\$114 million. The annualized default rate is 2.84%.

3. The \$5 billion funding of the Special Finance Scheme for SMEs were fully committed on 9 March 2000. Fresh applications received since then were put on the waiting list. There are at the moment 283 waitlisted applications, requiring HK\$309 million of guarantees.

4. The latest detailed figures about the Scheme are set out at the Annex.

#### **TERMINATION OF THE SCHEME**

5. With the distinct improvement of Hong Kong's economy and the ample liquidity in the banking sector, the objective of the Scheme in soothing short-term difficulties had been accomplished and the Government had decided that it should be terminated. The Scheme had stopped accepting new applications since 8 April. Applications on the waiting list would be processed on a first-come-first-served basis as and

when recycled funds are available. We would continue to honour our obligations for all existing guarantees under the Scheme.

6. Since the Scheme has stopped accepting applications, we would report to this Panel when necessary in future.
