#### **CHINESE MEDICINE PRACTITIONERS (DISCIPLINE) REGULATION**

### **INTRODUCTION**

On 15 May 2000, the Chinese Medicine Council of Hong Kong (“the Council”), with the approval of the Secretary for Health and Welfare and in exercise of the power under Section 161(5) of the Chinese Medicine Ordinance (Cap. 549), made the Chinese Medicine Practitioners (Registration) Regulation, at — Annex A, and the Chinese Medicine Practitioners (Discipline) Regulation, at — Annex B.

### **BACKGROUND AND ARGUMENT**

#### **General Background**

2. The Chinese Medicine Ordinance (“the Ordinance”), enacted by the Legislative Council in July 1999, provides a statutory framework for the regulation of the practice, use, trading and manufacture of Chinese medicine in Hong Kong. The Ordinance provides for the establishment of a Chinese Medicine Council of Hong Kong (“the Council”), to be responsible for devising and implementing these regulatory measures.

3. The Council was established in September 1999, and proceeded immediately to prepare for the setting up of a registration system for Chinese medicine practitioners. Apart from recognizing the professional status of Chinese medicine practitioners, the registration system will help enhance the standard and public confidence in Chinese medicine practice.

4. The registration system for Chinese medicine practitioners will operate through a combination of examination, registration and discipline. A Chinese Medicine Practitioners Board (“the Practitioners Board”) has been set up under the Council to be responsible for implementing this registration system. Before the registration may proceed, the following regulations have to be made:-

- (a) The Chinese Medicine Practitioners (Fees) Regulation, setting out the level of fees payable for registration as Chinese medicine practitioners and other related purposes;
- (b) The Chinese Medicine Practitioners (Registration) Regulation, setting out certain registration procedures and related matters; and
- (c) The Chinese Medicine Practitioners (Discipline) Regulation, setting out the disciplinary procedures to be followed in handling complaints against registered Chinese medicine practitioners.

5. The Chinese Medicine Practitioners (Registration) Regulation and the Chinese Medicine Practitioners (Discipline) Regulation were made by the Council on 15 May 2000. Details about the Chinese Medicine Practitioners (Fees) Regulation will be the subject of a separate brief.
