On 26 February 2004, I was invited to be the Weight Control Ambassador for a charity campaign named “減得健康” co-organized by 香港肥胖醫學會 and Qualigenics Diabetes Centre. The fat I lost upon completing a 12-week weight reduction course would be used as a basis (HK\$200 per kg) for determining the amount to be donated to the Community Rehabilitation Network, one of the services of the Hong Kong Society for Rehabilitation, in order to support the programmes for raising public concern in diabetes and obesity, especially the psychological needs of individual patients and the importance of community harmony.
