2 Tim Mei Avenue
Tamar
Hong Kong

Dear Agnes,

**Discovery of Legionella bacteria in the new Central Government
Complex and the Legislative Council Complex**

At the House Committee meeting today, Members discussed matters relating to the discovery of Legionella bacteria in the new Central Government Complex and the Legislative Council ("LegCo") Complex. As spoken with you earlier, Members agreed that the Secretariat should convey to the Administration their requests as follows:

- (a) where persons working in the LegCo Complex suspect that they have been infected with the Legionnaires' Disease and seek medical consultation at the special help desk at the Accident and Emergency Department in Ruttonjee Hospital or any public hospitals of the Hospital Authority, arrangement should be made for them to undergo the necessary tests including the urine test;

- (b) once the laboratory results of any water samples taken from the various sites in the new Central Government Complex and the LegCo Complex are available, they should be made known to the public immediately; and
- (c) apart from the public officials who have confirmed to attend the meeting of The Legislative Council Commission scheduled for 10 January 2012 to discuss the matter, representatives from the Water Supplies Department and Electrical and Mechanical Services Department, as well as officials responsible for inspection and handover of the new Central Government Complex and the LegCo Complex should also attend the meeting.

In respect of (c) above, Mr Andy LAU has already written to you to invite the Secretary for Food and Health and the Secretary for Development to attend the meeting.

I should be grateful for your urgent follow-up action to Members' requests and the Administration's response **by 6:00 pm on 9 January 2012.**

Regards,

A handwritten signature in black ink, appearing to read 'Yours sincerely,' followed by a stylized signature.

(Mrs Justina LAM)
Acting Secretary General
