Date : 8 March 2012

From : Clerk to the Legislative Council

To : All Members of the Legislative Council

Display of objects by Members during Council meetings

As directed by the President, I wish to remind Members that any objects displayed during Council meetings should not cause obstruction to other Members in their participation of the proceedings of the Council. The display of these objects should also be confined to the Member's own seating area. The President may direct any objects found beyond that area to be removed.

2. Where a point of order is taken by a Member that obstruction has been caused and where the President considers it necessary, he will direct the Member causing the obstruction to remove the object(s). If that Member refuses to comply with the President's direction, the President will regard the refusal of that Member to be grossly disorderly conduct under Rule 45(2) of the Rules of Procedure and will order that Member to immediately withdraw from the Council for the remainder of that meeting.

(Ms Pauline NG)
Clerk to the Legislative Council
