President's Foreword

Hon Andrew LEUNG Kwan-yuen, President of the Legislative Council.

With about one third of new faces in its membership, the Sixth Legislative Council ("LegCo") commenced with unprecedented challenges.

Members of LegCo, when assuming office, are required under Article 104 of the Basic Law ("BL") to take the Legislative Council Oath ("LegCo Oath") in accordance with the Oaths and Declarations Ordinance (Cap. 11). At the first Council meeting held on 12 October 2016 when Members took their LegCo Oath, some of them engaged in conduct which, as contended by the Government, amounted to declining or neglecting to take the LegCo Oath. In the judicial review applications to the Court of First Instance, the Government sought the Court's declarations that the office of these Members of LegCo were vacated.

In November 2016, the Standing Committee of the National People's Congress ("NPCSC") made an interpretation of BL 104 concerning oath-taking by public officers including Members of LegCo. The interpretation provides in no uncertain terms that oath-taking is the legal prerequisite and required procedure for Members of LegCo to assume office, and an oath-taker who intentionally reads out words which do not accord with the wording of the oath prescribed by law, or takes the oath in a manner which is not sincere or not solemn shall be treated as declining to take the oath and is disqualified from assuming the public office.

Subsequently, six elected Members were disqualified by the courts from assuming the office of Members of LegCo since 12 October 2016. While it is regrettable that LegCo is to exercise its powers and functions under BL without a full membership for the time being, I respect the judgments of the courts. I look forward to the Council functioning with full membership in the near future.

In the meantime, LegCo has continued to exercise its constitutional powers and functions as a law-making institution. In the first legislative session of the Sixth LegCo, the Council approved 12 Government bills, seven with amendments, as well as one Member's bill. Among these Government bills, three lapsed upon prorogation of the Fifth LegCo were re-introduced into the Sixth LegCo. They were the Private Columbaria Bill, the Fire Services (Amendment) Bill 2016 and the Medical Registration (Amendment) Bill 2017. While the Medical Registration (Amendment) Bill 2017 is under scrutiny by its Bills Committee, the scrutiny of the other two bills was expeditiously completed by the relevant Bills Committees building on the comprehensive work done by their predecessors in the Fifth LegCo. The passage of these two bills by the Council was welcome as they sought to address livelihood issues that affected all walks of life. The Private Columbaria Bill provided for a licensing scheme for regulating the operation of private columbaria and the Fire Services (Amendment) Bill 2016 provided for a scheme for registered fire engineers to conduct fire safety risk assessment for certain premises. Meanwhile, the Apology Bill, which provided for the effect of apologies in certain proceedings and legal matters that aimed to facilitate amicable resolution between parties in dispute, was also enacted.

The scrutiny of the Appropriation Bill 2017 ("the Appropriation Bill") was again filibustered by a few Members through proposing voluminous Committee stage amendments ("CSAs") in order to force the Government to accede to their various demands. This year, a total of 742 CSAs were proposed. In considering the admissibility of the CSAs, I must respect Members' right to participate in the legislative process while ensuring the orderly, efficient and fair disposition of LegCo business. If a large number of CSAs proposed by a Member cannot serve any serious purpose other than consuming the Council's time, I must rule those CSAs frivolous and inadmissible under the Rules of Procedure ("RoP").

Drawing from the past experience, while I considered that a reasonable debate platform should be provided for Members to express their views on the performance of individual bureaux, departments and public officers, Members had much room and flexibility to consolidate their CSAs for more effective and efficient use of the Council's time. As such, I ruled 185 CSAs admissible and allocated enough Council meeting time for Members to debate the CSAs falling within different policy areas. All the proposed CSAs were negated and the

Appropriation Bill was passed on 18 May 2017. The Council spent about 71 hours on completing all the proceedings on the Bill.

In addition to bills, the Council completed the scrutiny of 158 items of subsidiary legislation through the negative vetting procedure and passed 12 proposed resolutions moved by the Government to approve or amend subsidiary legislation subject to the positive vetting procedure. Members moved a total of 30 motions not intended to have legislative effect for debate on issues of public concern, of which 20 were passed with or without amendments. To hold the Government accountable, a total of 114 oral questions were raised and followed up with 584 supplementary questions. Members also raised another 448 questions seeking written replies from the Executive Authorities on its policies and work.

In this session, the Council voted down two Members' motions to appoint select committees and to authorize them to invoke the powers conferred by section 9(1) of the Legislative Council (Powers and Privileges) Ordinance (Cap. 382) ("P & P Ordinance") to call for witnesses and documents to respectively investigate a personnel reshuffle within the Independent Commission Against Corruption ("ICAC") arising from the cancellation of the acting appointment of Ms Rebecca LI as Head of Operations and an incident involving the loss of notebook computers of the Registration and Electoral Office containing the personal data of all registered electors.

Subsequently, more than 20 Members made a request in accordance with RoP 20(6) for referral of the petition on ICAC's personnel reshuffle to a select committee without the authorized powers under the P & P Ordinance. While this select committee is waiting its turn to commence work, another select committee established under the same Rule to inquire into matters about the agreement

between Mr LEUNG Chun-ying, the former Chief Executive of the Hong Kong Special Administrative Region ("HKSAR"), and the Australian firm UGL Limited ("UGL Select Committee") is still carrying on its work.

Two Members' motions were respectively moved under RoP 49B(1A) to censure Dr Hon CHENG Chung-tai and Hon Holden CHOW Ho-ding for misbehaviour and/or breach of oath under BL104. According to the respective motions, Dr Hon CHENG Chung-tai was alleged to have openly and deliberately humiliated the national flags and the regional flags placed on the desks of some Members at the second Council meeting, whereas Hon Holden CHOW Ho-ding was alleged to have conspired with and assisted Mr LEUNG Chun-ying to interfere with and obstruct the inquiry of the UGL Select Committee. The matters stated in the motions were referred to the respective investigation committees which are responsible for establishing the facts stated in the motions and giving their views on whether or not the facts established constitute grounds for the censure. The investigations are still underway and the investigation committees shall report to the Council upon completion of their investigations.

Before Mr LEUNG Chun-ying completed his term of office of the Chief Executive ("CE"), a motion initiated jointly by 28 Members was moved in accordance with BL 73(9) to charge him for contempt of LegCo by improperly interfering with the affairs of the UGL Select Committee in dereliction of his constitutional duty as the head of the HKSAR. The motion was negated.

The House Committee ("HC") continues to perform the important functions to decide the manner of consideration of bills and subsidiary legislation introduced into the Council and serve as a platform for communication between Members and the Government. While the Council is in session, HC Chairman and Deputy Chairman meet the Chief Secretary for Administration ("CS") on a regular basis

to discuss matters considered or decided by HC and matters of mutual concern. CS and the Secretary for Justice respectively attended with relevant Secretaries of Bureaux three special meetings of HC during the session to brief Members on the interpretation of BL104 by NPCSC, the development of the Hong Kong Palace Museum in the West Kowloon Cultural District, and the customs, immigration and quarantine arrangements of the Hong Kong section of the Guangzhou-Shenzhen-Hong Kong Express Rail Link.

In the 2016-2017 session, the Finance Committee ("FC") approved 35 financial proposals, with financial commitments amounting to \$73.1 billion in total, put forward by the Government involving some \$55.5 billion on public works projects and \$17.6 billion on non-public works expenditure. A total of 64 meetings spanning over 123 hours were held. The slow progress of FC in examining livelihood-related financial proposals was of wide public concern. Some financial proposals that had been discussed at length by the subcommittees of FC were again subject to prolonged proceedings at FC meetings. Also, considerable meeting time of FC was spent on dealing with motions of procedural nature. In order to clear the backlog of financial proposals on its agenda, apart from holding four-hour meetings on each Friday afternoon, FC also held additional meetings on weekdays and Saturdays. The \$3.6 billion funding to implement the priority initiatives to support quality education and the \$4.7 billion public works projects in respect of three public hospitals were approved just in time before the summer recess. However, a number of works projects and other financial proposals were not dealt with as originally scheduled.

I am gravely concerned that some Members have persistently resorted to different tactics to filibuster the Council and committee proceedings as a means to express their dissatisfaction with the Government. I note that the Committee on Rules of Procedure ("CRoP") consulted all Members in March 2017 on proposed procedures for dealing with filibusters, but unfortunately no consensus among Members could be reached again. While I hope CRoP could come up with procedural options to deal with filibusters in the Council, it is important for LegCo to conduct its business in an orderly manner in the meantime.

Under BL, the Executive Authorities and the Legislature have their own respective powers and functions. In my view, a cordial and interactive executive-legislative relationship, underpinned by cooperation as well as mutual checks and balances, is the key to effective governance. We have witnessed an acrimonious relationship between the Executive Authorities and the Legislature in the past few years, consuming valuable time and energy of both sides. Lack of communication was one of the major causes for misunderstanding and conflicts between the Executive Authorities and the Legislature. Mutual respect, trust and positive communications are the cornerstones to rebuild and cement the relationship. I am

encouraged by the incumbent CE's pledge to build a better working relationship with the Legislature by setting up a mechanism for regular communication with Members, advancing the delivery of the Policy Address to the beginning of a legislative session in October, advising the Secretaries of Bureaux to lobby and liaise with Members personally, as well as increasing the frequency of attending LegCo meetings to take questions from Members. Furthermore, CRoP has also studied and supported my suggestion for CE to attend Council meetings more frequently with a view to improving the efficiency in monitoring the work of the Government by Members. All Members were consulted and they welcomed this new arrangement. In addition to the regular CE's Question and Answer Sessions, CE has agreed to attend at least one Council meeting each month to take Members' questions. I hope all the above initiatives will bear fruits in the near future.

I also look forward to more dialogue and exchanges between Members and the Mainland authorities on issues of mutual concern. In April 2017, the LegCo Panel on Development conducted a duty visit to the Dongjiang River Basin to exchange views with Guangdong Provincial authorities on the supply of Dongjiang water to Hong Kong. When suitable opportunities arise, I am glad to explore options of arranging all my honourable colleagues to visit the Mainland.

Last but not least, I would like to thank the Secretariat staff for their professional and untiring support to the Council and all Members to ensure the smooth operation of the Council amid challenges.

Chapter 1 The Legislative Council

The Basic Law of the Hong Kong Special Administrative Region ("HKSAR") stipulates that the HKSAR shall be vested with legislative power and the Legislative Council shall be the legislature of the Region.

Powers and functions

Pursuant to Article 73 of the Basic Law, the Legislative Council of the HKSAR shall exercise the following powers and functions:

- To enact, amend or repeal laws in accordance with the provisions of the Basic Law and legal procedures;
- To examine and approve budgets introduced by the government;
- To approve taxation and public expenditure;
- To receive and debate the policy addresses of the Chief Executive;
- To raise questions on the work of the government;
- To debate any issue concerning public interests;
- To endorse the appointment and removal of the judges of the Court of Final Appeal and the Chief Judge of the High Court;
- To receive and handle complaints from Hong Kong residents;
- If a motion initiated jointly by one-fourth of all the members of the Legislative Council charges the Chief Executive with serious breach of law or dereliction of duty and if he or she refuses to resign, the Council may, after passing a motion for investigation, give a mandate to the Chief Justice of the Court of Final Appeal to form and chair an independent investigation committee. The committee shall be responsible for carrying out the investigation and reporting its findings to the Council. If the committee considers the evidence sufficient to substantiate such charges, the Council may pass a motion of impeachment by a two-thirds majority of all its members and report it to the Central People's Government for decision; and
- To summon, as required when exercising the above-mentioned powers and functions, persons concerned to testify or give evidence.

Under Article 66 of the Basic Law, the Legislative Council of the Hong Kong Special Administrative Region shall be the legislature of the Region.

Composition

According to the Basic Law, the Legislative Council ("LegCo") of the HKSAR shall be constituted by election. The Sixth LegCo comprises 70 Members, of whom 35 were returned by geographical constituencies through direct elections and 35 were returned by functional constituencies. The election for the Sixth LegCo was held on 4 September 2016, and the term of office is four years from 1 October 2016 to 30 September 2020.

The President of LegCo is elected by and from among the Council's Members. Details of the composition of the Sixth LegCo are provided in **Appendix 1**.

Taking of Legislative Council Oath

Article 104 of the Basic Law provides that when assuming office, Members of the Legislative Council ("LegCo") must, in accordance with law, swear to uphold the Basic Law and swear allegiance to the Hong Kong Special Administrative Region of the People's Republic of China. The form of the Legislative Council Oath ("LegCo Oath") is set out in Schedule 2 to the Oaths and Declarations Ordinance (Cap. 11).

Rule 12(1) of the Rules of Procedure ("RoP") provides that at the first meeting of a term, Members shall make or subscribe an oath or affirmation as provided for under RoP 1. By virtue of RoP 1, no Member shall attend a meeting or vote therein until he/she has made or subscribed an oath or affirmation in accordance with the provisions of Cap. 11.

Arrangements were made for Members to take the LegCo Oath at the first meeting of the current term on 12 October 2016. According to the relevant court judgments, Sixtus LEUNG Chung-hang, YAU Wai-ching, LEUNG Kwok-hung, Nathan LAW Kwun-chung, YIU Chung-yim and LAU Siu-lai have been disqualified from assuming the office of a Member of LegCo and have vacated the office since 12 October 2016.

Members of the Sixth Legislative Council take the Legislative Council Oath at the first Council meeting held on 12 October 2016.

Election of President

Under Article 71 of the Basic Law and Rule 4 of the Rules of Procedure ("RoP"), the President of the Legislative Council ("LegCo") shall be elected by and from among the Members of LegCo. RoP 12 provides that the election of the President shall be conducted after Members present have made or subscribed an oath or affirmation at the first Council meeting of a term.

Two valid nominations for the office of President, Hon James TO Kun-sun and Hon Andrew LEUNG Kwan-yuen, were received. In accordance with rule 1A(e) of the House Rules, prior to the meeting for the election of the President, a special forum was held for the two candidates to present their platforms and answer questions from Members.

At the first Council meeting of 12 October 2016, Members cast their votes to elect the President. Hon Andrew LEUNG Kwan-yuen was elected President of the Sixth LegCo.

The candidates for the office of President present their platforms at a special forum held prior to the election of the President to answer questions put forward by Members-elect.

Chapter 2 Legislative Council Meetings

Meetings of the Legislative Council ("LegCo") are open to the public and may be conducted in Cantonese, English or Putonghua, with simultaneous interpretation and sign language interpretation. The proceedings of Council meetings are broadcast live on the Council's website, reported by the mass media, and recorded verbatim in the Official Record of Proceedings of LegCo. The business transacted at regular Council meetings mainly includes tabling of subsidiary legislation, papers and reports; asking of questions for replies from the Government; consideration of bills; and debates on motions.

The Member must specify whether an oral or a written reply is required. For questions seeking oral replies, supplementary questions may be put by any Member to request further elaboration after the public officer has replied. Members may, with the President's permission, ask urgent questions on the ground that they are of an urgent character and relate to matters of public importance.

Members raise questions on the work of the Government at Council meetings.

Petitions

Petitions may be presented to the Council by Members. The Member presenting a petition may make a summary statement of the number and description of the petitioners and the substance of the petition. If requested by a Member and supported by not less than 20 Members, the petition will stand referred to a select committee under Rule 20(6) of the Rules of Procedure.

| | |

A petition was jointly presented by Hon Kenneth LEUNG and Hon Andrew WAN Siu-kin at the Council meeting of 2 November 2016, requesting the Council to inquire into the incident that the Chief Executive LEUNG Chun-ying had, while running for the Chief Executive Election in 2011, signed a secret agreement with UGL Limited, an Australian firm, and received secret payments from it. The petition was referred to a select committee.

A petition was jointly presented by Hon LAM Cheuk-ting and Hon Dennis KWOK Wing-hang at the Council meeting of 23 November 2016, requesting the Council to inquire into matters relating to the personnel reshuffle within the Independent Commission Against Corruption ("ICAC") arising from Mr Simon PEH, ICAC Commissioner, ceasing the acting appointment of Ms Rebecca LI as Head of Operations, including the process of and reason(s) for such cessation and whether or not misconduct, abuse of power and unlawful acts by any persons or organizations were involved. The petition was referred to a select committee.

A petition was presented by Hon HUI Chi-fung at the Council meeting of 12 July 2017 in connection with Mr LIU Xiaobo being diagnosed with late-stage liver cancer and urging the Central Government to grant him medical parole accompanied by his wife, Ms LIU Xia, and family members.

Members rise in support of a request that a petition be referred to a select committee.

Bills

The Government is primarily responsible for proposing new legislation or amendments to existing legislation in the form of bills for consideration by the Council. Subject to certain conditions, Members may introduce bills into the Council. A bill has to be given three readings for its passage by the Council. A copy of every bill passed by the Council, certified as a true copy by the Clerk to the Legislative Council, shall be submitted to the Chief Executive for his signature.

Under Article 74 of the Basic Law, bills which do not relate to public expenditure, political structure or the operation of the Government may be introduced by Members.

Motions

Motions are the mechanism through which most Council business is transacted. The consideration of a bill takes place by way of a series of motions moved, debated and voted upon by Members. Amendments to bills and the approval for or amendments to subsidiary legislation subject to positive vetting are also effected through motions. Subsidiary legislation subject to negative vetting may also be amended by way of motions.¹

¹ Motions with legislative or binding effect may be called "proposed resolutions".

² The proposed resolution scheduled for the Council meeting of 12 July 2017, the last meeting at which the subsidiary legislation could be amended, was not moved.

Members of different political groupings hold media briefings to communicate with the press their views on the Policy Address.

Members speak on the Motion of Thanks during the debate held from 15 to 17 February 2017.

Budget debate

Before the end of a financial year on 31 March, the Financial Secretary presents to the Council his Budget for the next financial year commencing on 1 April in the form of an Appropriation Bill and the Estimates of Expenditure. After the Finance Committee has examined the proposed Estimates of Expenditure at its special meetings, the Appropriation Bill is brought back to the Council for consideration and decision. The Finance Committee held nine special meetings between 31 March and 7 April 2017 to examine the 2017-2018 Estimates of Expenditure.

Chapter 3 Committees

Members perform the functions of scrutinizing bills and subsidiary legislation, examining and approving public expenditure and monitoring the work of the Government through a committee system.

There are three standing committees of the Legislative Council, namely the Finance Committee, the Public Accounts Committee and the Committee on Members' Interests. Standing committees, by virtue of section 9(1) of the Legislative Council (Powers and Privileges) Ordinance (Cap. 382), may order any person to give evidence, while all other committees may also have this power, where so authorized by the Council, under section 9(2) of Cap. 382.

There are other committees of a standing nature with specific functions stipulated in the Rules of Procedure ("RoP"), namely the Committee on Rules of Procedure, the Committee on Access to the Legislature's Documents and Records, the House Committee and Panels.

The Committee on Rules of Procedure reviews RoP of the Council and the committee system and proposes to the Council such amendments or changes as are considered necessary.

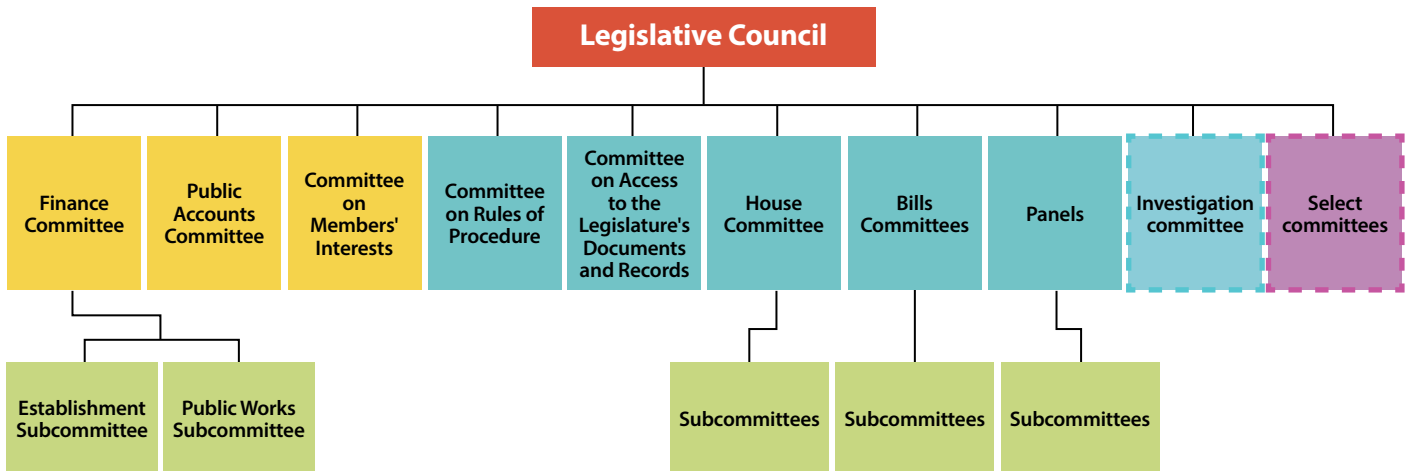

The Committee on Access to the Legislature's Documents and Records determines whether a document or record of the Legislature (or its committee) should be made available for access earlier than the expiry of the closure period specified in the Policy on Access to the Legislature's Documents and Records.

The House Committee considers any matters relating to the business of the Council and monitors progress made in studying bills and subsidiary legislation. Bills and subsidiary legislation that require more in-depth study are scrutinized respectively by Bills Committees and subcommittees, and these committees would report their deliberations to the House Committee.

The committees that monitor and examine policy issues are called Panels. There are currently 18 Panels, the formation and terms of reference of which were approved by the Council on the recommendation of the House Committee.

Apart from the above, an investigation committee may be established under RoP 49B(2A) (Disqualification of Member from Office) upon the moving of a censure motion under RoP 49B(1A). After completing its work, the investigation committee is required to report to the Council and is dissolved after tabling of its report. Select committees may be appointed by the Council for in-depth consideration of matters or bills. In addition, a petition presented to the Council will be referred to a select committee under RoP 20(6) if the request for the petition to be referred is supported by not less than 20 Members. As soon as a select committee has completed consideration of the matter or bill referred to it, it reports to the Council and is thereupon dissolved.

The committee system of the Legislative Council

- Standing committee of the Council
- An investigation committee may be established under RoP 49B(2A) following the moving of a motion to censure a Member.
- One or more select committees may be appointed by the Council to consider matters or bills. A petition presented to the Council may be referred to a select committee under RoP 20(6).

Election of chairmen and deputy chairmen of committees

The chairmen and deputy chairmen of the Finance Committee, the House Committee and Panels are elected from among members of the respective committees. All Members except the President are members of the Finance Committee and the House Committee. The election of the chairman and deputy chairman of a committee for the first session of a term takes place at the first meeting of the committee. The chairman and deputy chairman shall hold office until the chairman and deputy chairman for the next session are elected.

Members of the Public Accounts Committee, the Committee on Members' Interests and the Committee on Rules of Procedure are appointed by the President in accordance with the election procedure determined by the House Committee. In the past and current Legislative Council terms, the election of chairman and deputy chairman from among members of the respective committee took place right after the election of members to that committee. The tenure of these offices is for the entire term.

The President and the Chairman of the House Committee are respectively the Chairman and Deputy Chairman of the Committee on Access to the Legislature's Documents and Records. The election of other members of the Committee is in accordance with the election procedure determined by the House Committee.

After the Appropriation Bill has been passed, the Committee carries out the function of approving proposals to change the approved Estimates. Besides, the Committee also approves proposals from FS to expend money from certain Funds¹ established under section 29 of the Public Finance Ordinance (Cap. 2) pursuant to the Resolutions on the Funds.

Major work

- The Committee reviewed some of the procedural arrangements relating to meetings of the Council and its committees, including formalizing the interim arrangements relating to the ringing of the division bell at Council meetings and voting bell at committee meetings;
- In order to enhance the arrangements for asking and answering oral questions at Council meetings, the Committee has considered various procedural options and discussed the suggestions made by the President, including enabling more frequent attendance by the Chief Executive to answer questions from Members at Council meetings. After reviewing the arrangements, the Committee consulted all Members on the proposed options;
- The Committee discussed measures to deal with filibusters at Council meetings and consulted all Members on proposed procedural options. As the proposals were not supported by a majority of Members, the Committee would re-examine the matter and identify alternative proposals such as setting out the recent experiences gained and new practices developed in the Council and committees in dealing with filibusters;

Members considered that a framework setting out various options for dealing with repeated or persistent disorderly conduct of Members at Council or committee meetings, including the suspension of Members or prohibition from attending meetings, and the introduction of some forms of financial penalties, should be drawn up for consultation with all Members;
- The Committee reviewed the procedure for the election of the President. The Committee concluded that a consultation should be conducted to seek the views of all Members on whether Members running for the office of President should be required to make a statutory declaration to affirm that they have satisfied the requirements of nationality and residency in Hong Kong under Article 71(2) of the Basic Law during the nomination process; and
- As the establishment of the Innovation and Technology Bureau in 2015 may affect the work of the relevant Panels, the Committee considered the proposals to rationalize the terms of reference of the Panel on Information Technology and Broadcasting, Panel on Commerce and Industry and Panel on Economic Development. The Committee considered that a more in-depth review might be necessary and the opportunities should be taken to re-examine how the various subject areas should be distributed among all Panels. Meanwhile, no change should be made to the terms of reference of the three Panels for the time being, pending the consultation of all Members on any new proposals.

Significant cases handled

Preservation of Hung Lau

A deputation sought Members' assistance on preservation of Hung Lau, which was a two-storey brick building blending Chinese and Western architectural characteristics frequented by visitors, and was known to be associated with the revolutionary activities led by Dr SUN Yat-sen. They called on the Government to stop the works carried out near and in the interior of the historical building by the new owner and to declare it as monument. In response to Members' grave concern about the demolition threat to Hung Lau and their urge for preservation on account of its historical and architectural values, the Administration had issued a statutory order under section 23 of the Buildings Ordinance (Cap. 123) requiring the owner to stop the works. Moreover, Hung Lau was declared as proposed monument under section 2A(1) of the Antiquities and Monuments Ordinance (Cap. 53) so as to offer immediate statutory protection to the building from demolition for 12 months, during which the Administration would endeavor to explore with the owner possible preservation options for Hung Lau. The Antiquities Authority would also consider in a comprehensive manner as to whether Hung Lau should be declared as monument for permanent protection.

Construction of rain shelter

A deputation called for Members' assistance on construction of a rain shelter in Lok Wah South Estate, Ngau Tau Kok. They were dissatisfied that the Housing Department was oblivious to their repeated requests for construction of a rain shelter at the green minibus terminus in the above public housing estate. As a result, residents queuing up at the terminus had to be subjected to inclement weather conditions. Subsequent to Members' taking up of the deputation's concerns with the Housing Department, the latter undertook that the construction works for the rain shelter would commence in the third quarter of 2017 and would likely be completed in April 2018.

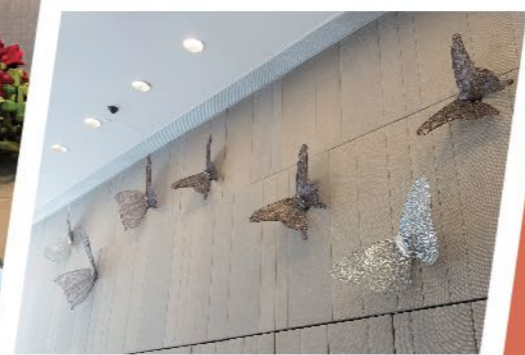

Waste recycling yards in Tseung Kwan O

A deputation enlisted Members' assistance on the nuisances caused by the waste recycling yards operating on a short term tenancy basis in Tseung Kwan O. According to the deputation, during the operation of the yards, environmental pollution such as noise and dust was generated, causing nuisances to nearby residents. Moreover, some operators illegally occupied the government land in the vicinity for waste sorting and parking. Although assistance had been sought from the concerned government departments for years, it was to no avail and the problems persisted. To follow up on the deputation's concerns, Members conducted a site visit and held a case conference with the Administration. In response to Members' urge for actions to be taken to address the problems, the Administration advised that the tenancies of the concerned operators would be terminated in the first half of 2018 to tie in with the development of a high-tier data centre on the site. Regulatory actions against the environmental pollution and the unauthorized occupation of the concerned government land would also be enhanced.

Publication of reports of non-governmental organizations

A deputation petitioned Members for publication of the reports of non-governmental organizations ("NGOs") subvented by the Social Welfare Department ("SWD"). They were aggrieved that some subvented NGOs did not comply with the requirements stipulated in the Lump Sum Grant Manual that their Annual Financial Reports ("AFRs") and Review Reports on Remuneration Packages for Staff in the Top Three Tiers ("RRs") be made available to the public upon request to enhance transparency and accountability on their use of public funds. Subsequent to the case conference held with Members, SWD acceded to Members' request to upload subvented NGOs' AFRs and RRs onto its website to facilitate public access to and inspection of those reports.
