## **President's Foreword**

Hon Andrew LEUNG Kwan-yuen, President of the Legislative Council.

The 2019-2020 legislative session was a very eventful one in the history of the Legislative Council ("LegCo"). The session commenced with protracted proceedings in the election of chairmen of various committees and ended with the extension of the Sixth LegCo.

With the avowed intent to forestall the legislative proceedings of the National Anthem Bill ("NAB") in the Council, some Members resorted to filibustering in the election of the Chairman of the House Committee ("HC").

HC is one of the most important committees of LegCo as it deals with matters relating to business of the Council and provides a forum for Members to decide how a legislative proposal is to be dealt with. The process for the election of HC Chairman for the 2019-2020 session ("HC Chairman election") began at the special HC meeting on 15 October 2019 but failed to complete by the end of April 2020 after 16 meetings, causing serious disruption to the work and normal functioning of HC.

Owing to the delay in completing the HC Chairman election, HC could not deal with dozens of bills which included those referred by the Council for consideration whether Bills Committees should be formed to study them, and those whose scrutiny had been completed by the relevant Bills Committees and

ready for resumption of Second Reading debates save for their reporting to HC. Tens of subsidiary legislation tabled in Council, along with a number of censure motions, could not be considered and taken forward by HC. The prolonged delay in the HC Chairman election seriously impeded the proper exercise of the constitutional powers and functions of LegCo as stipulated in Article 73 of the Basic Law ("BL").

To facilitate HC to resolve the unprecedented predicament and resume its normal functioning, I sought external legal advice on the powers of the HC Chairman for the 2018-2019 session ("the incumbent HC Chairman") and provided the legal advice to the incumbent HC Chairman and other HC members for consideration. The legal advice affirmed that in the ordinary course of events where the election of the new Chairman is concluded within a short time before or shortly after the commencement of a new session, the election of the new Chairman should be put as the first item of the agenda ahead of any business to be transacted at a new session. Given the inordinate delay in the HC Chairman election for the 2019-2020 session, the incumbent HC Chairman has both the responsibility and authority to transact or deal with HC's urgent or essential business pending the election of a new Chairman to enable LegCo as a whole to discharge its constitutional powers and functions under BL 73. Subsequently, the incumbent HC Chairman convened a special meeting on 8 May 2020 to consider the way forward to deal with HC's heavy backlog of business including NAB.

I had been hoping that HC could solve the impasse caused by the inordinate delay in the election of Chairman by itself but to no avail. I considered it incumbent upon me as President to protect the Legislature as an institution and ensure the orderly, efficient and fair disposition of LegCo business.

After seeking external legal advice and considering in-house legal opinion, I decided to exercise the powers under Rule 92 of the Rules of Procedure ("RoP") to specify Hon CHAN Kin-por as the presiding member at the HC Chairman election at a HC special meeting held on 18 May 2020 and to proceed straight to balloting of the election. Only then was the Chairman of HC for the 2019-2020 session successfully elected.

The Second Reading debate on NAB was resumed at the Council meeting of 27 May 2020. NAB was eventually passed without amendment on 4 June 2020, but it was regrettable that some Members who opposed NAB had resorted to physical confrontation to delay the proceedings and interrupted the Council meetings by hurling foul-smelling objects and liquid in the meeting venues, necessitating suspension of the meetings and change of the meeting venue.

I must stress that my decision to invoke RoP 92 was made to address the exceptional difficulties faced by LegCo and to deal with a problem that RoP do not contemplate and for which RoP do not currently provide. Going forward, I have invited the Committee on Rules of Procedure to study issues relating to the election of committee chairmen to avoid a recurrence.

To mitigate the adverse impact of the delay in the HC Chairman election, the Council passed the motion moved by the Secretary for Labour and Welfare at the meeting of 15 January 2020 to refer the Employment (Amendment) Bill 2019 ("the Employment Bill") to the Panel on Manpower for scrutiny, instead of to HC as the established practice under RoP. By the time the Panel completed its scrutiny of the Employment Bill in May 2020, the HC Chairman for the 2019-2020 session had been elected and following the established mechanism to consult the HC Chairman under RoP 54(5), the Second Reading debate on the Employment Bill was resumed at the Council meeting of 24 June 2020 and the Bill was passed at the Council meeting of 8 July 2020.

Like those of many overseas legislatures, the transaction of business in LegCo was seriously affected by the Coronavirus Disease 2019 (COVID-19) pandemic. Four regular Council meetings, accounting for 56 meeting hours, were not held between February and April 2020 to minimize the risk of infection. Dozens of committee meetings were cancelled or rescheduled during the period.

In this session, LegCo passed 22 government bills, nine of which were without amendment.

Among the government bills passed, the Appropriation Bill 2020 ("the Appropriation Bill"), to which 16 Members proposed a total of 124 amendments, consumed the longest time of scrutiny at Council meetings. I ruled 52 of those amendments admissible and the Council completed all the proceedings on the Appropriation Bill in about 47.5 hours. All the amendments proposed by Members were negatived and the Bill was eventually passed at the Council meeting of 13 May 2020.

Other important bills passed by LegCo during the session included the Judicial Officers (Extension of Retirement Age) (Amendment) Bill 2019, which sought to provide for the extension of retirement age of judges and judicial officers, and the Hotel and Guesthouse Accommodation (Amendment) Bill 2018, which sought to strengthen the regulation and control of hotels and guesthouses.

The Council also dealt with 217 items of subsidiary legislation through negative or positive vetting procedure, three proposed resolutions on judicial appointments, 1125 questions raised by Members seeking oral or written replies from the Government, as well as 16 Members' motions including the invocation of the Council's powers to summon persons to produce papers and testify, appoint a select committee to conduct an inquiry, relieve a Member of his/her duties as a LegCo Member and censure a Member for misbehaviour/breach of oath. The details are set out in the relevant section in this Annual Report.

Owing to the unprecedented large number of summoning motions proposed by individual Members under BL or the Legislative Council (Powers and Privileges) Ordinance (Cap. 382) ("P & P Ordinance"), which were placed on the Agenda of the Council before Members' motions not intended to have legislative effect ("motion debates") in accordance with the relevant House Rules, the Council did not have any opportunity to deal with motion debates in this session. I consider this unsatisfactory and have invited the Committee on Rules of Procedure to study how the issue could be addressed.

Meanwhile, the Select Committee without the authorized power under section 9(1) of P & P Ordinance to inquire into matters about the agreement between CY LEUNG and UGL Limited submitted its report to the Council on 15 July 2020.

Two investigation committees established pursuant to motions moved under RoP 49B(1A) to censure Hon HUI Chi-fung and Hon Holden CHOW Ho-ding for misbehaviour and/or breach of oath under BL 104 also completed their work and submitted their reports to the Council on 8 July 2020. However, the censure motions were not dealt with in the Council subsequently because the Member concerned of the former motion and the mover of the latter motion ceased to hold office as LegCo Members.

In this session, the Finance Committee held 58 meetings spanning about 268 hours in total. The Committee deliberated and approved 86 financial proposals involving a total commitment of \$462.6 billion, a record high amount, with 43 public works proposals accounting for \$177 billion and 30 non-public works proposals accounting for \$285.6 billion.

The main items approved included three rounds of funding injection, totaling \$155.9 billion, into the Anti-epidemic Fund to enhance the Government's capability in combating the novel coronavirus epidemic and to provide assistance or relief to enterprises and members of the public hard hit by the epidemic or affected by the Government's anti-epidemic measures. Another main item was the provision of \$21.7 billion for implementing the package of measures announced by the Financial Secretary in August and September 2019 to relieve people's financial burden and support enterprises in Hong Kong.

BL clearly stipulates the respective powers and responsibilities of the Executive Authorities and the Legislature. A harmonious and interactive relationship with checks and balances between the Government and LegCo is of utmost importance to the effective governance of Hong Kong.

Unfortunately, the relationship between the Executive Authorities and the Legislature reached the lowest ebb following the controversies and violent demonstrations arising from the aborted legislative process of the Fugitive Offenders and Mutual Legal Assistance in Criminal Matters Legislation (Amendment) Bill 2019 in the previous session.

It is regrettable that for the first time in LegCo's history, because of the grossly disorderly conduct and repeated disruptions of some Members, the Chief Executive ("CE") could not deliver the Policy Address ("PA") in full in the Council on 16 October 2019. Moreover, the CE's Question and Answer Session on PA the following day was suspended twice due to Members' disorderly conduct, and the proceedings in the remaining hour were also interrupted repeatedly. The Motion of Thanks, a long established platform for Members to debate PA, was also not moved in this session due to the prolonged delay in the HC Chairman election.

Hong Kong society has gradually restored calmness and stability following the passage of The Law of the People's Republic of China on Safeguarding National Security in the Hong Kong Special Administrative Region ("National Security Law") by the Standing Committee of the National People's Congress ("NPCSC") on 30 June 2020. The National Security Law stipulates the offences endangering national security and improves the enforcement mechanisms for the Hong Kong Special Administrative Region ("HKSAR") to safeguard national security. The National Security Law can also protect the rights and freedoms long enjoyed by the vast majority of law-abiding citizens. After its enactment, Members discussed the implementation rules of the National Security Law at a joint Panel meeting of the Panel on Security, the Panel on Constitutional Affairs, and the Panel on Administration of Justice and Legal Services on 7 July 2020.

Having regard to the severe COVID-19 outbreak which posed tremendous economic, social and livelihood challenges to our society, the Government announced the postponement of the general election for the seventh term of LegCo ("LegCo General Election") for one year to 5 September 2021.

As the term of office of LegCo, in accordance with BL 69, is four years except the first term and the Sixth LegCo was to end on 30 September 2020, the Government submitted an urgent report to the Central People's Government seeking its support and guidance to deal with the lacuna of LegCo arising from the postponement of the LegCo General Election. Subsequently, NPCSC decided that the Sixth LegCo is to continue to discharge duties for not less than one year until the seventh term of office of LegCo begins.

While I fully understand that the NPCSC's decision was made amidst unprecedented epidemic situation and the severe economic hardship in Hong Kong with a view to enabling the continued smooth operation of the Legislature, three Members decided not to serve as LegCo Members after 30 September 2020.

During the session, three Members were ruled by the Court as not duly elected at the relevant LegCo by-elections and hence ceased to be LegCo Members. A Member also resigned to accept government appointment to become a public officer.

On 11 November 2020, the Government announced that four Members were disqualified as from 30 July 2020 pursuant to the Decision of NPCSC on Issues Relating to the Qualification of the Members of LegCo of HKSAR. Subsequently, 15 Members of the pan-democratic camp announced their resignation en masse from LegCo. Two of their resignations took effect from 12 and 13 November 2020 respectively, while the others were effective from 1 December 2020.

Since the Government has announced that by-elections would not be held to fill the vacancies in the current term, LegCo would not be able to operate with full membership. This notwithstanding, I am confident that LegCo would continue to effectively discharge its constitutional powers and functions and the Members who continue to serve will dutifully and faithfully work in the best interest of Hong Kong people.

Last but not least, I would like to thank from the bottom of my heart my colleagues in LegCo as well as the Secretariat staff for their unwavering support to the Council and to me as President under very trying circumstances.

Hon Andrew LEUNG Kwan-yuen, GBM, GBS, JP

#### **Motions**

<sup>&</sup>lt;sup>1</sup> Motions with legislative or binding effect may be called "proposed resolutions".

In addition, the Government may move motions under Article 73(7) of the Basic Law ("BL") to seek the Council's endorsement of the appointment of the judges of the Court of Final Appeal and the Chief Judge of the High Court.

### **Budget debate**

Before the end of a financial year on 31 March, the Financial Secretary presents to the Council his Budget for the next financial year commencing on 1 April in the form of an Appropriation Bill and the Estimates of Expenditure. After the Finance Committee has examined the proposed Estimates of Expenditure at its special meetings, the Appropriation Bill is brought back to the Council for consideration and decision. Two Council meetings were held in October 2019 and January 2020, at which the Chief Executive addressed the Council and answered Members' questions on the work of the Government.

A Chief Executive's Question and Answer Session.

## The Chief Executive's Question Time

A Council meeting may be held for the purpose of the 30-minute Chief Executive's Question Time at which the Chief Executive answers Members' questions on the work of the Government. During the session, no such meeting was held.

Members perform the functions of scrutinizing bills and subsidiary legislation, examining and approving public expenditure and monitoring the work of the Government through a committee system.

There are three standing committees of the Legislative Council, namely the Finance Committee, the Public Accounts Committee and the Committee on Members' Interests. Standing committees, by virtue of section 9(1) of the Legislative Council (Powers and Privileges) Ordinance (Cap. 382), may order any person to give evidence, while all other committees may also have this power, where so authorized by the Council, under section 9(2) of Cap. 382.

There are other committees of a standing nature with specific functions stipulated in the Rules of Procedure ("RoP"), namely the Committee on Rules of Procedure, the Committee on Access to the Legislature's Documents and Records, the House Committee and Panels.

The Committee on Rules of Procedure reviews RoP of the Council and the committee system and proposes to the Council such amendments or changes as are considered necessary.

The Committee on Access to the Legislature's Documents and Records determines whether a document or record of the Legislature (or its committee) should be made available for access earlier than the expiry of the closure period specified in the Policy on Access to the Legislature's Documents and Records.

The House Committee considers any matters relating to the business of the Council and monitors progress made in studying bills and subsidiary legislation. Bills and subsidiary legislation that require more in-depth study are scrutinized respectively by Bills Committees and subcommittees, and these committees would report their deliberations to the House Committee.

In addition, a petition presented to the Council will be referred to the House Committee under RoP 20(6) if the request for the petition to be referred is supported by no less than one half of all Members of the Council. The House Committee shall decide the manner of consideration of the petition and may present a report to the Council after the consideration of the petition.

The committees that monitor and examine policy issues are called Panels. There are currently 18 Panels, the formation and terms of reference of which were approved by the Council on the recommendation of the House Committee.

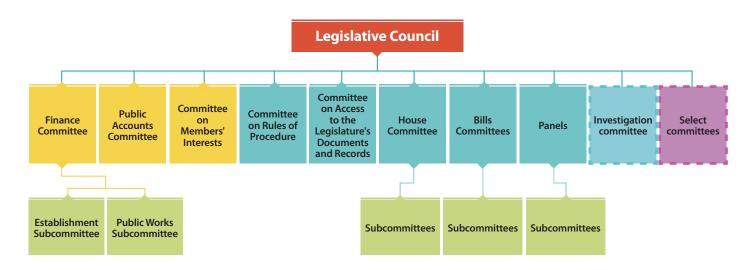

Apart from the above, an investigation committee may be established under RoP 49B(2A) (Disqualification of Member from Office) upon the moving of a censure motion under RoP 49B(1A). After completing its work, the investigation committee is required to report to the Council and is dissolved after tabling of its report.

Select committees may be appointed by the Council for in-depth consideration of matters or bills.

- The Panel discussed the 2020-2021 civil service pay adjustment. Members noted that some civil servant staff unions/associations were disappointed at the Administration's decision to freeze the pay for civil servants in the upper, middle and lower salary bands and the directorate despite that the three net pay trend indicators for 2020 and the headline Composite Consumer Price Index were in the positive and expressed concern that this decision would have an impact on the morale of civil servants.

#### Major work

• The Panel was briefed on the details of the MTR fare adjustment for 2020 under the Fare Adjustment Mechanism. Members noted that the fare adjustment rate for MTR fares in 2020-2021 should originally be +2.55%, but the year-on-year change in Median Monthly Household Income value in the fourth quarter of 2019 compared to the same period in 2018 was -2.48%, and the "Affordability Cap" had been triggered. To provide for the above-mentioned legislative amendments and other technical amendments, two amendment regulations were gazetted on 17 April 2020 and tabled in Council at its meeting of 22 April 2020 for negative vetting. # Significant cases handled

#### Complaint about the use of adhesive traps for capturing biting midges

A complainant sought assistance from a Member on the use of adhesive traps by the Leisure and Cultural Services Department ("LCSD") for capturing biting midges in Lai Chi Kok Park. Expressing grave concern on the cruelty of such traps to insects, as well as animals such as birds which might be accidentally stuck to the traps, the complainant called for removal of the traps.

In view of the cruelty of the use of adhesive traps as those traps would cause insects and animals to suffer from long, slow and agonizing death of starvation, dehydration and exhaustion, the Member urged for LCSD's prompt follow-up on the matter. In response, LCSD not only delivered apology but also immediately removed all the traps from the Park as well as other venues under its management and undertook not to use such traps again for capturing biting midges. In respect of the biting midge problem in the Park, LCSD advised that a joint site visit was conducted with the Food and Environmental Hygiene Department to identify potential breeding places of biting midges and the latter's advice was also sought on the effective control of biting midges. Apart from stepping up the frequency for routine cleansing, trimming of vegetation and clearance of leaf litters, LCSD would also carry out other measures such as silting up of sand traps and surface channels to help control infestation by reducing the number of breeding places for biting midges.

#### **Provision of temporary car park**

A deputation sought Members' assistance on provision of additional car parking spaces in On Tai Estate and On Tat Estate, Kwun Tong. According to the deputation, due to the insufficient provision of car parking spaces in the above estates, many drivers had to park their vehicles illegally on roadsides which might jeopardize the safety of pedestrians crossing roads as their visibility was blocked.

To follow up on the deputation's concern, Members held two case conferences with the Transport Department ("TD"). Taking into account Members' views, TD identified a short-term tenancy site in the vicinity of the above estates for use as temporary car park, which could provide 150 and 50 car parking spaces respectively for private cars and light goods vehicles with a view to addressing the illegal parking problem. It was expected that the temporary car park would come into operation in the fourth quarter of 2020.

#### Provision of assistance for prospective tenants of Chun Yeung Estate

A deputation comprising prospective tenants of Chun Yeung Estate sought Members' assistance on the use of the Estate as quarantine centre. According to the deputation, since the requisition of their advance allocated public rental housing units in the Estate as quarantine facilities to help prevent the community outbreak of COVID-19 in February 2020, the Government had never undertaken as to when the Estate would be decommissioned as quarantine centre and hence prospective tenants could move in their units. Since the deferred intake brought about immense inconvenience to the prospective tenants such as schooling arrangements for their children and that they had to continue to pay high rent for private housing, the deputation requested that a concrete timetable for flat intake and financial relief be provided.

Members held a case conference with the Administration to follow up on the deputation's concern and request. In response to Members' request, the Administration undertook that while relevant intake information would be provided to the prospective tenants by mid-July 2020, the intake formalities could be completed under two batches in August 2020 and January 2021 respectively. As for the financial relief for the prospective tenants, in addition to the earlier disbursement of an ex-gratia payment of \$6,000 per household, the Government would grant another ex-gratia payment in the amount of \$6,000 to them under the Anti-epidemic Fund to help them further relieve their difficulties. The ex-gratia payment would be issued to them through cheques by post starting from mid-July 2020.

#### Improvement works for a special school

A deputation comprising parents and teaching staff of a special school in Wong Tai Sin sought Members' assistance in relation to the improvement works for the school. According to the deputation, due to the prolonged delay of the Education Bureau ("EDB") in carrying out improvement works for the school upon its implementation of the New Senior Secondary academic structure, the school had been encountering immense difficulty in its operation such as insufficient teaching space for its students who had intellectual disabilities, which impeded the students' learning.

Members conducted a site visit and held two case conferences with EDB for follow-up. In response to Members' request, EDB undertook to take follow-up actions with respect to the deputation's concerns as fast as practicable. In this respect, EDB got cracking on the improvement works for the school under a minor internal conversion works programme, such as installing moveable partition walls on the rooftop of the school for storage so as to vacate the storage space inside the school building for teaching purpose. Moreover, the long-term seepage problem of the school was also dealt with to enhance the learning environment for the students.
