 [Victim-centred peacemaking : Colombia's Santos-FARC-EP peace process](#)  
Brett, Roddy  
Bristol University Press , 2024 ; English ; 325 Pages  
Based on unique empirical research into Colombia's Santos-FARC-EP peace process (2012-2016), this book interrogates how, if at all, survivors and victims may assert agency and contribute to formal peacemaking and trans  
justice initiatives.  
The book argues that victim inclusion meaningfully transformed victim-perpetrator relations and dynamics in Havana, while partially shaping the content of both the Victims' Agreement and Final Agreement. As such, the de  
created paths for empowerment at the individual and, in part, collective levels. However, victim inclusion also precipitated experiences of victim depoliticization, revictimization, retraumatization and instrumentalization.

摘要 ▾

In health care, we come across daily promises of miraculous cures for various ailments. However, in the digital era, the dynamics of experiencing and practicing these remedies have changed.

This book explores the intersection of miracle cures and technology, showcasing their transformation into hybrid forms, such as handwritten recipes captured in photos or tutorials streamed through videos. Combining computational social media data with ethnographic insights from Vietnam and the US, the book captures the interconnected lives of these cures in the digital realm with a unique methodology.

Unravelling the intricate connections between social, technological, biomedical and non-biomedical spheres, this is a significant contribution to how social scientists study online media.

The Red Book has four main components that outline an iterative improvement process to achieve principled performance. Principled performance is OCEG's point of view and approach to business as help achieve governance objectives. While a sequence is implied, components operate concurrently (OCEG, 2015).

- Learn: Examine and analyze context, culture, and stakeholders to learn what the organization needs to know to establish and support objectives and strategies.
- L1 External Context: Consider the external business context in which the organization operates.
- L2 Internal Context: Consider the internal business context in which the organization operates.
- L3 Culture: Understand existing culture, organizational climate, and individual mindsets concerning governance, assurance, compliance, and risk.
- L4 Stakeholders: Ensure stakeholders understand expectations and requirements that may affect the organization.
- Align: Align performance, risk and compliance objectives, strategies, decision-making criteria, actions, and controls with the context, culture, and stakeholder requirements.
- A1 Direction: Provide clear mission, vision, and value statements.
- A2 Objectives: Establish a set of measurable objectives that are consistent with decision-making criteria.
- A3 Identification: Identify forces that may cause opportunities or threats to achievement of objectives.
- A4 Assessment: Analyze approach to address opportunities and threats.
- A5 Design: Develop strategic and tactical plans to achieve the objectives.
- Perform: Address threats, opportunities, and requirements by encouraging desired conduct and events, and preventing what is undesired, through the application of proactive, detective, and responsive actions and controls.
- P1 Controls: Establish a mix of management, process, human capital, technology, information, and physical actions and controls that serve governance, management, and assurance needs.
- P2 Policies: Implement policies and associated procedures to address opportunities, threats and requirements; and set clear expectations of conduct for the governing authority, management, the workforce, and the extended enterprise.
- P3 Communication: Deliver and receive relevant, reliable, and timely information to the right audiences.
- P4 Education: Educate the governing authority, management, and the workforce.
- P5 Incentives: Implement incentives that motivate desired conduct and recognize those who contribute.
- P6 Notification: Report progress toward objectives, and the actual or potential occurrence of undesirable and desirable conduct, conditions, and events.

The screenshot shows a mobile application interface. At the top, there is a header with the text "Create an account". Below the header, a message box displays the text "Your account has been activated.". In the center of the screen, there are two blue buttons: "Back to results" and "Back to title". Below these buttons, the text "Read on App" is displayed in bold. Underneath "Read on App", there is a list of steps: "Step 1: Sign in your personal account" (with a checked checkbox) and "Step 2: Change your loan period" (with an unchecked checkbox). Further down, there is a button labeled "Download App". A large red rectangular box highlights a form field where the number "14" is entered in a text input box, followed by the word "days". Below this, a blue button contains the text "Next step".
