運輸署署長的信

各位居民:

將於本年八月十八日啟用的地鐵將軍澳綫是為服務將軍澳及油塘區而設,它不但把 將軍澳與本港的鐵路網絡連接起來,同時亦可紓緩主要幹線的路面擠塞。

為了令區內居民在地鐵將軍澳綫啟用後有多元化和高質素的公共交通工具可供選擇,我們一直加緊為將軍澳區制訂一項全面的公共交通計劃(交通計劃),以便為地鐵將軍澳綫啟用作好準備。自本年一月起,運輸署已就交通計劃初稿在區內進行廣泛諮詢,並根據大家的回應,進一步作出修訂及改善。

大部分將軍澳及油塘居民的居住地方,距離新的地鐵站將只有七至八分鐘的步行路程。現有的交通計劃包括開辦若干新巴士及專線小巴路線,以及對現有服務作出路線及班次的調整。有關資料已詳列在這本小冊子內。

我們會逐步分階段實施交通計劃,並會小心監察和評估乘客的交通模式,然後才作 出比較重大的轉變,例如修改或取消巴士路線。

這本小冊子已涵蓋你們所需要的,有關未來公共交通服務改動的所有基本資料。由於建議的改動會因應交通模式的實際轉變而實施,各位必須留意各公共交通營辦商發佈的消息,及不時在巴士站及總站張貼的通告。此外,大家亦可瀏覽本署網頁和利用熱線電話,查詢最新的資料。

運輸署署長霍文 二零零二年七月

Letter from the Commissioner for Transport

July 2002

Dear Residents,

The MTR Tseung Kwan O Line (MTR TKOL), specially constructed to serve the Tseung Kwan O and Yau Tong areas, will be commissioned on August 18, 2002. It will link Tseung Kwan O to the Hong Kong rail network while at the same time relieving pressure on busy roads in the area.

To provide residents with the best possible range of transportation choices and levels of service once the MTR TKOL is in use, the Transport Department has been developing a comprehensive Public Transport Plan (PT Plan) for the Tseung Kwan O area. From January this year we carried out extensive local consultations about our initial draft PT Plan, and have made further modifications and improvements as a result of your feedback.

Most Tseung Kwan O and Yau Tong residents will live within a seven to eight minute walk of the new MTR stations. The current PT Plan will see the introduction of a number of new bus and GMB routes, along with some route and frequency adjustments to existing services. Information about all these changes is included in this pamphlet.

We will be phasing in the PT Plan gradually. Major changes such as modification or cancellation of bus routes will only be introduced after passenger travelling patterns have been carefully monitored and assessed.

This pamphlet contains all the basic information you will need on upcoming public transport changes. However, since the PT Plan will be implemented in a way that takes into account actual changes in travel patterns, we recommend that you stay aware of information from public transport operators, and look out for notices posted at bus stops or termini. Our website and hotline are further good sources of up-to-date transport information.

Robert Footman

Commissioner for Transport

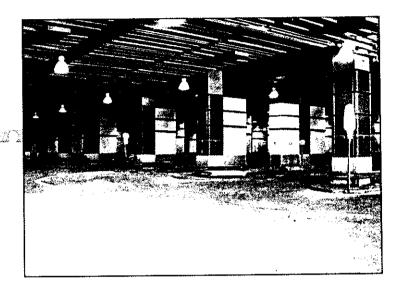

本小冊子特別為西貢、將軍澳及油塘區的居民簡介有關地鐵將軍澳綫通車後的公共 交通服務計劃及實施安排的資料。

首部份簡介地鐵將軍澳綫的基本資料,例如行車路線、車程所需時間及車資。此外,亦簡介有關公共交通服務改動的安排,及配合地鐵將軍澳綫啟用後的公共交通服務計劃。主要是西貢、將軍澳、油塘地區的巴士及專線小巴路線改動,如新增的巴士及專線小巴路線,現有路線調整班次、更改總站及行車路線等各項安排的詳情,請參閱第8至18頁。市民如有疑問,可透過詳列于本小冊子最後部份,運輸署及各公共交通服務機構的聯絡方法,查詢最新的公共交通服務資料。

第二部份主要為各地鐵將軍澳綫車站位置、以及附近行人及公共交通交匯處的配套 設施,詳情請參閱第19至29頁。

Overview

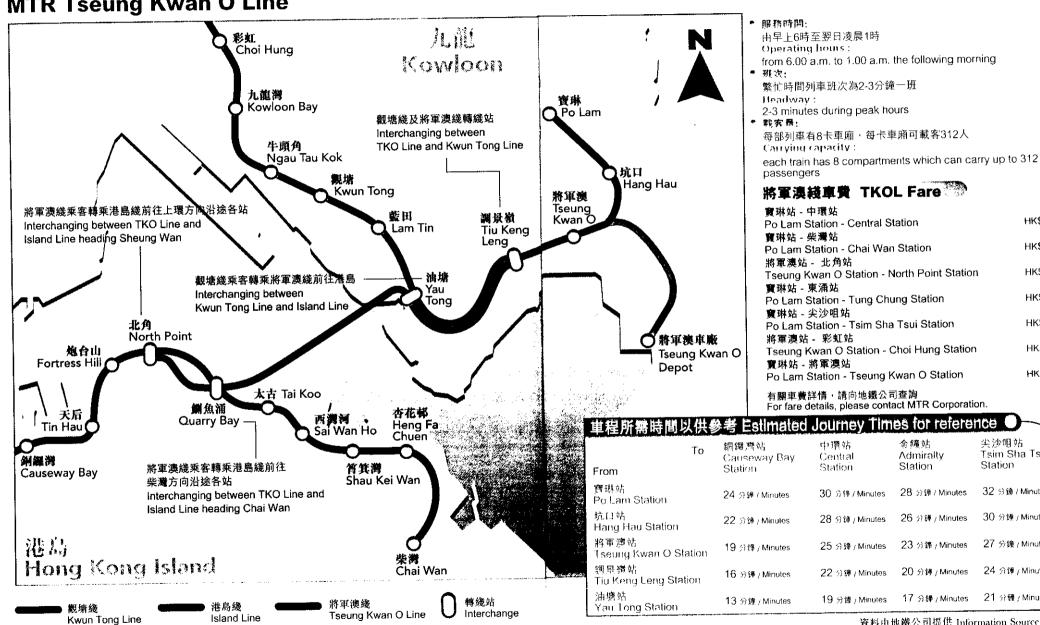

This booklet is designed to provide residents of the Sai Kung, Tseung Kwan O and Yau Tong areas with handy information on changes to public transport services once the MTR Tseung Kwan O Line is in service.

The first section contains a brief introduction to the MTR Tseung Kwan O Line, with information about its alignment, typical travel times and fares. Details of how the PT Plan will be implemented once the MTR Tseung Kwan O Line has opened can be found on pages 8 to 18 of this section including full information about new bus and GMB routes, modification and frequency adjustments to existing routes and changes to terminal points for some public transport services. Residents are encouraged to contact the Transport Department or public transport operators for the latest updated information on public transport services. Communication channel details are listed on page 30-31.

The second section, from pages 19 to 29, describes new public transport interchanges and pedestrian facilities, and provides maps showing the locations of the new MTR stations.

公共交通計劃實施安排

我們將會在地鐵將軍澳綫通車後,分階段實施新的公共交通計劃,以配合乘客需求的變化。整個計劃將分階段進行,預計可在約3個月內完成。我們會實地觀察在將軍澳綫通車後乘客對公共交通服務需求的變化,才實施較大的更改。部份路線的改動需因應實際乘客需求轉變而實施,故此,各公共交通營辦商會在總站、沿途巴士站及車廂內張貼通告,通知乘客有關資料。居民亦可利用本小冊子所列的熱線電話號碼或瀏覽有關網頁,查詢路線的最新資料。

Public Transport Implementation Plan

The PT Plan will be implemented gradually and in line with changes in general travel patterns. To help passengers familiarize themselves in advance with new revised routeings, in the week before the opening of MTR TKOL a number of routes will be diverted to call or terminate at MTR Tseung Kwan O Line Stations. The PT Plan will be implemented in phases over a three month period during which time, the Transport Department will closely monitor changes in travelling patterns .

	Public Transport P	lan (PT Plan)	Bus Services	GMB Services

地鐵將軍湊綫的行人設施 MTR Tseung Kwan O Line Pedestrian Facilities

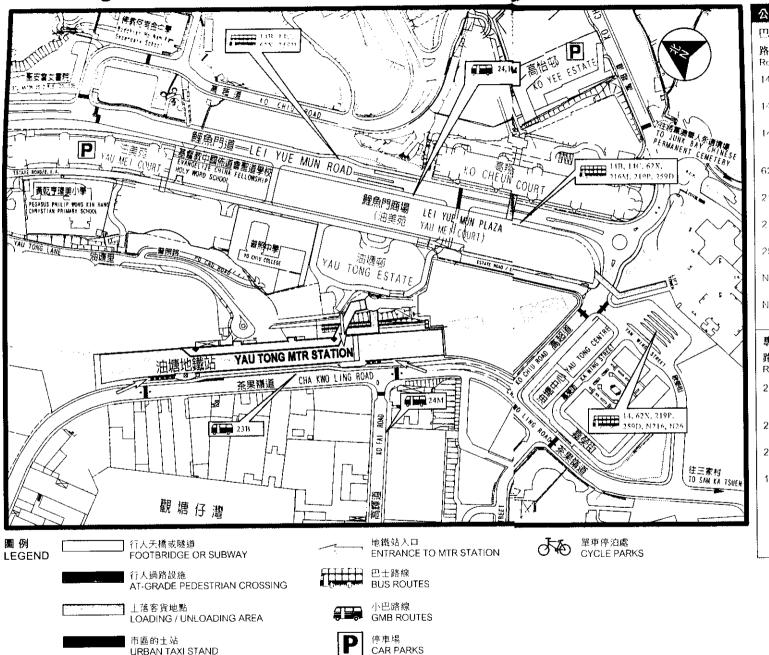

由於將軍澳新市鎮和油塘區內大部份人口,均主要集中在從地鐵站步行可達的範圍內,我們預計大部份地鐵乘客將會以步行方式往返車站。因此地鐵站附近的行人設施,將是我們其中一項重要關注事項。我們已在地鐵站四周設計了一套方便及安全的行人通道網絡,其中包括將附近的行人天橋及隧道連接毗鄰商場,並輔以路面的行人過路設施。為了進一步加強行人設施,我們也加設了新的行人過路交通燈、安全島、加闊過路處、調整交通燈的控制、及在地鐵站旁加設上落客貨的停車灣等。而居所或工作地點距離地鐵站較遠的市民,也可以乘搭其他接駁交通工具到地鐵站旁的公共交通交匯處,轉乘地鐵。詳情可參閱第20至第29頁。

As most of the population of Tseung Kwan O new town and Yau Tong will live within walking distance of the new MTR stations, the majority of MTR passengers are expected to access stations by foot and therefore providing good pedestrian facilities around the stations has been one of our main concerns. By linking up stations with neighbouring developments via footbridges and subways, supplemented by street level pedestrian crossings, we have developed safe and convenient pedestrian walkways systems around the stations. Further enhancements have been made by adding new signal crossings, refuge islands, and loading and unloading bays, and some pedestrian crossings have been widened and traffic signals modified as appropriate. For those living or working at a distance from the stations, the new MTR feeder transport services allow easy transfer to the MTR via the Public Transport Interchanges (PTIs) next to each station. Details of pedestrian facilities and PTI layouts are shown in page 20-29.
