自“嚴重急性呼吸系統綜合症”爆發至今，不斷有公立醫院的醫護人員感染該病及致電電台節目投訴醫院管理局(簡稱“醫管局”)提供給他們的保護裝備(包括衣物)不足及質素差劣。就此，行政機關可否告知本會：

- (二) 是否知悉醫管局在訂購保護裝備時遇到哪些困難，有何措施確保來貨符合規格，如何處理不合規格的來貨，以及不合規格的來貨的總量及總值；及
- (三) 有否檢討醫管局的中層管理及訂購物資的機制是否出現了問題，以致前線人員投訴未能獲得足夠的保護裝備；若有，檢討的結果是甚麼；若沒有，會否及何時作出檢討？

Since the outbreak of the Severe Acute Respiratory Syndrome, there have been incessant cases of health care personnel of public hospitals being infected with the disease and their making telephone calls to radio programmes to complain about the shortage and poor quality of the protective gear (including clothing) the Hospital Authority ("HA") has supplied to them. In this connection, will the Executive Authorities inform this Council whether:

- (a) they know the dates on which HA placed orders for protective gear and the ordering details, the reasons for keeping a stock of protective gear for 14 days' consumption only, and whether HA has assessed if the stock level is sufficient to cope with contingencies; if an assessment has been made, of the results;
- (b) they know the difficulties HA has encountered in ordering protective gear, the measures HA has adopted to ensure that the goods supplied are up to standard, how it deals with the substandard goods; and the total quantity and value of the substandard goods; and
- (c) they have conducted a review to see if there are problems in HA's middle management and its mechanism for ordering materials, which have led to complaints by frontline staff about the inadequate supply of protective gear; if so, of the findings of the review; if not, whether and when such a review will be conducted?
