

**LegCo Members' meeting with
Wan Chai District Council (WCDC) members
on 3 April 2003**

(a) Views and concerns raised by WCDC members at the meeting -

WCDC members were disappointed that, although the Town Planning Board (TPB) had consulted them and was aware of their opposition to provision of the proposed Harbour Park through reclamation, TPB had not seriously taken their views into consideration and the proposed Harbour Park had still been included as one of the land use proposals at the reclaimed area in the draft Wan Chai North Outline Zoning Plan.

(b) Views expressed by LegCo Members at the meeting -

LegCo Members who attended the meeting shared WCDC members' views. Recalling similar concerns expressed by LegCo Members about the proposed Harbour Park, some LegCo Members were unhappy that TPB had ignored their concerns in this regard. Members agreed that the matter should be referred to the Panel on Planning, Lands and Works for follow-up.
