Dear Mr. HO,

I would like to point out to your panel that the CE had be warned to impose a limited curfew in HKSAR at the outbreak of SARS on March 12, 2003. I did the same to the Secretary of Health, Welfare and Foods on March 26, 2003. There was no reaction from the Government until the outbreak of SARS at Amoy Building.

Your attentions to my allegations are appreciated.

Yours truly,

Brian Yu
