SARS Select Committee

Reference is made to the reply to Select Committee question dated 4 March 2004 on the record of the 85 Severe Community-Acquired Pneumonia/suspected Severe Acute Respiratory Syndrome (SARS) patients who were admitted to PMH prior to her designation before 26 March 2003.

For item 4, the patient's admission for SARS was on 28 April 2003. 9 March 2003 was the date of the patient's first admission for other illness. This item should be deleted from the list.

There was a typo-graphical error in item 61, the onset date was 20 March 2003.
