

NOTE FOR PUBLIC WORKS SUBCOMMITTEE OF FINANCE COMMITTEE

Supplementary information on 23EA – Reprovisioning of The Church of Christ in China Kei Tsz Primary School at Tsz Wan Shan Road, Wong Tai Sin

INTRODUCTION

In considering the paper referenced PWSC(2004-05)18 on **23EA** at the Public Works Subcommittee meeting on 19 May 2004, Members requested the Administration to consider, in consultation with the school sponsor, the feasibility of providing a 60-metre long running track for the new school.

THE ADMINISTRATION'S RESPONSE

2. The Administration has consulted the school sponsor, which has subsequently reviewed the design with its consultant. The school sponsor agreed to provide a running track but due to the limitations of the site dimensions, the running track can only be 40 metres long. A revised site plan is at the Enclosure.

FINANCIAL IMPLICATIONS

3. The school sponsor estimates the capital cost of the running track to be about \$100,000 which can be absorbed within the original budget of the project.
