to be moved by Dr Hon LUI Ming-wah
at the Legislative Council meeting
of Wednesday, 19 November 2003**

Wording of the Motion

“That, as the Mainland and Hong Kong Closer Economic Partnership Arrangement will bring about new opportunities for the manufacturing industry in Hong Kong, this Council urges the Government to embrace the new development with a new way of thinking and treat backbone industries as part of the infrastructure, and to formulate strategic measures to attract suitable backbone industries to invest and set up factories and production lines in Hong Kong in order that they will become the driving forces of their industrial chains, thereby attracting related trades and industries to the territory, with a view to revitalizing the local manufacturing industry and promoting the sustained growth of Hong Kong’s economy.”
