Attn: Ms Tai

Dear Ms Tai,

The Universal Cars Limited is supportive of the new requirements for high back seats and seat belts on public light buses. We have been aware of the commencement of the new requirements on August 1, 2004 since late 2002. We have informed our supplier, Mitsubishi Fuso Truck & Bus Corporation, to make adjustments well in advance, and their production line is well prepared for the supply of public light buses in compliance with the new requirements from August 1, 2004 onwards.

We support measures to enhance the safety of passengers and look forward to contributing to the enhancement of the public light bus fleet in Hong Kong.

Yours sincerely,

Peter Lau  
General Manager  
Truck & Bus
