28th June, 2004.

To:
The Government of the Hong Kong Special Administrative Region
Environment, Transport and Works Bureau Government Secretariat
Murray Gardens, Garden Road, Hong Kong.

Attention: Ms. Elizabeth Tai, for the Secretary for the Environment, Transport and Works.

New Statutory requirements on High Back Seats & Seat Belts on Public Light Buses (PLB's)

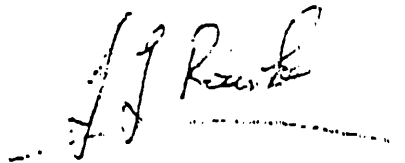

As a Member of the Hong Kong Motors Traders Association (MTA), we have been for over a year now, fully aware of the above new statutory requirements and the forthcoming implementation of the above new statutory requirements, from 01st August, 2004.

As an active and supporting member of the MTA, we have been kept updated on this matter through meetings and correspondence between MTA and the Hong Kong Transport Dept and we have also been informed through other sources such as a number of Media Reports.

Yardway Motors Limited also confirms that we are technically capable and ready to meet these new requirements on any new orders we receive for Public Light Buses (PLB's).

We trust that the above will be of interest to the HK PLB Owners who are considering the purchase of new, modern and safer PLB's for the safer transportation of their Customers.

Yours sincerely, for and on behalf of Yardway Motors Limited,

James G. Rourke
General Manager.
