IT-related issues

2. Building a digitally inclusive information society and related issues

November 2003

Dr Hon LAW Chi-kwong proposes the Panel to discuss issues related to the World Summit on the Information Society (WSIS) and to invite deputations to present views to the Panel (vide attached letter to Appendix V of LC Paper No. CB(1) 10/03-04).

The Panel has previously discussed with deputations on the issue of digital divide and building a digitally inclusive society on 14 May 2001 and reviewed with the Administration its subsequent actions on 9 July 2001 and 13 May 2002. The Panel Chairman has advised that to follow up, the Panel may invite further views from these deputations on issues related to building a digitally inclusive society, as well as other issues related to the WSIS. As usual, a general notice will be posted on the Council's web site to invite submissions from all interested parties. The Administration will also be invited to inform the Panel of its work, as well as its involvement in WSIS.

3. E-government Programme

January 2004

At the Panel meeting on 21 July 2003, the Administration was requested to review the progress in relation to e-utilization targets for E-government programme and include the information in its next progress report in January 2004.

* The meeting where the item will be discussed will be subject to confirmation nearer the time.

4. Progress of Cyberport Project

January 2004

Last discussed on 21 July 2003. The Administration was requested to brief the Panel again on the progress of Cyberport Project in January 2004.

Telecommunications

5. Broadband Internet services

To be confirmed

Item proposed by Hon SIN Chung-kai who would like the Administration to brief the Panel on the number and nature of complaints received on the provision of broadband Internet services, the relevant complaint handling procedures and the review of the related legislation regarding broadband Internet service.

6 Review of the policy and regulatory regime for Type II Interconnection

To be confirmed

The Administration has briefed the Panel on issues set out in the consultation paper on the review of the regulatory policy for Type II interconnection on 9 June 2003. The Administration undertook to revert to the Panel on its proposals after first round consultation by late 2003.

7. Labelling Scheme for hand-held mobile phones

Early 2004

To ensure that mobile telephone being marketed in Hong Kong meet the international standards on radiation safety, the Administration has implemented a voluntary labelling Scheme from 1 April 2003 to facilitate consumers' choice on mobile phone. Hon Fred LI has raised a question on the subject at the Council meeting held on 14 May 2003. It has been proposed that the Administration should review the implementation of the scheme with the Panel, preferably in about six months' time.

The Administration has just advised that OFTA would require more time to see the effect of the scheme and to gauge the market response. Hence, it proposes to review the scheme with the panel in early 2004.

* The meeting where the item will be discussed will be subject to confirmation nearer the time.

Broadcasting and film services
