

**Views and concerns raised by Islands District Council members
at the meeting with LegCo Members
held on 22 May 2003**

At the meeting between LegCo Members and the Islands District Council (IsDC) members on 22 May 2003, concern was raised on the current restrictions on usage of land in the coastal protection areas on Lantau Island, which in IsDC members' view, had inhibited the utilization of land resources. They considered that the delineation of coastal protection areas on Lantau Island should be reviewed to enable more areas to be opened up for development.
