Bills Committee on the Construction Industry Council (No.2) Bill

Consolidated List of Nominating Organizations

The Administration has undertaken to gather feedback from the Provisional Construction Industry Co-ordination Board (PCICB) and other industry bodies in shaping up a consolidated list of nominating organizations.

We have taken account of comments and suggestions received thus far and prepared a set of revised selection criteria for the four categories of “employers”, “professionals & consultants”, “contractors/subcontractors & materials/equipment suppliers” and “trade unions” based on the following broad principles –

- (a) nominating organizations must be legal entities incorporated in Hong Kong or labour unions registered under the Trade Unions Ordinance (Cap.332) for a minimum period of four years;
- (b) nominating organizations must have demonstrated willingness and capability to spearhead industry reforms as representative bodies within their own categories;
- (c) registered labour unions must have a membership of not less than 100 construction workers;
- (d) professional bodies must be established by local statute while public sector clients must be covered by the Prevention of Bribery Ordinance (Cap.201); and
- (e) trade federations and/or general labour unions rather than their member associations would be selected, where appropriate.

An updated list of nominating organizations is at **Annex**. We are still consulting individual stakeholder groups so this list might have to be refined further in future. Meanwhile, the outcome of our deliberations on how to enshrine this nomination mechanism in the Bill will be conveyed to you under separate cover.

(Clement Cheung)
for Secretary for the Environment,
Transport and Works

b.c.c. Chairman, Provisional Construction Industry
Co-ordination Board

Updated List of Nominating Organizations

(A) *Employers*

- Airport Authority
