Action

2. The Bills Committee deliberated (index of proceedings attached at **Annex**).

Adm

3. The Administration was requested to –

- (a) consult members of the Kwai Tsing District Council (K&T DC) at a meeting on the proposal of setting up a committee under K&T DC to monitor the modification works and operation of the Chemical Waste Treatment Centre in Tsing Yi when it commenced to receive and treat clinical waste and report the outcome of the consultation to the Bills Committee;
- (b) provide information on the charges for disposal of imported waste at local landfill in the situation where the arrangement for recycling had fallen through and the imported waste could not be returned to the state of export in some overseas jurisdictions;
- (c) clauses 8 and 9 – propose Committee Stage amendments to delete proposed sections 20A(4)(f) and 20B(4)(g) which stipulated that “that the issue of such permit is not in breach of Hong Kong’s obligations under The Basel Convention”; and
- (d) clause 10 – consider increasing the charge payable by an applicant for disposal of imported waste under proposed section 20DA(6)(a) in order to deter parties from using local landfills for disposal of imported waste. The Administration’s proposal of imposing charges on the basis of recovery of the administrative cost (estimated to be \$9,500 per application) and the full cost of disposal at the landfill (\$125 per tonne) were considered inadequate.

Adm

4. At the request of Mr WONG Kwok-hing, the Administration undertook to provide him with a copy of the monthly monitoring reports on emissions of CWTC both before and after the commissioning and initial operation phase of CWTC when it commenced to receive and treat clinical waste.

5. Assistant Legal Adviser 7 highlighted the major concerns raised in the submission of Greenpeace. Members present at the meeting agreed that it might not be necessary to invite Mr Jim PUCKETT who prepared the submission to come to Hong Kong. The Administration should provide a written response to the submission
