Notes : Figures may not add up to the respective totals owing to rounding.

* Statistics on the demographic and socio-economic characteristics of the population at the District Council district level are published once a year. These statistics are based on data collected in the General Household Survey in **May to August** each year as well as the mid-year population estimates by District Council district compiled jointly by the Census and Statistics Department and an inter-departmental Working Group on Population Distribution Projections.

Notes: (1) It should be noted that CSSA is assessed on a household basis and cases are categorized according to the principal reason of receiving CSSA. As such, cases under a specific category may include recipients who may be classified otherwise. For example, an unemployment case may consist of an elderly recipient (i.e. aged 60 or over under the CSSA Scheme).

(2) Figures are as at end of the year.
