Maintenance Bill 2001 has requested the Panel on Administration of Justice and Legal Services (AJLS Panel) to follow up with the Administration on ways to streamline court procedures in relation to enforcement of maintenance order and address the problem of evasion of service of summons by maintenance payers who have defaulted on their maintenance payments. Some members of the Bills Committee have suggested that the summons should be considered to have been served so long as the summons has been served to the address provided by the payer.

AJLS Panel suggests that as this item falls under the policy area of the Home Affairs Bureau (HAB), it is more appropriate for it to be followed up by this Panel.

The Administration has proposed to discuss this item along with item 9 on traditional rights and interests of indigenous villagers of NT.

A case conference was held on 20 July 2004 to discuss the request for the provision of a new civic centre in the North District. The Administration advised that consideration of adopting the "Private Sector Finance" approach for other capital projects would depend on the response of the private sector on the pilot projects which were still at a starting stage.

At the LegCo Members' meeting with Eastern DC members on 10 June 2004, the latter expressed dissatisfaction with the delay in the construction of Siu Sai Wan Complex which was once included in the Government Priority Project Programme but had been deferred due to financial constraints. When the Panel discussed the Albert House case at the special meeting on 12 November 2004, the Administration informed the Panel that it planned to introduce the Building Management (Amendment) Bill (the Amendment Bill) into LegCo in April 2005.
