(position as at 4 November 2004)

**Proposed timing for discussion**

**1. Support for vulnerable elders**

At the Panel meeting on 10 May 2004, members agreed that should the Panel decide to hold a meeting in July 2004, consideration should be given to further discussing support for vulnerable elders. The discussion should, among others, include the effectiveness of the re-engineering of family service centres (FCSs)/counselling units into integrated family service centres (IFSCs) on providing support for vulnerable elders.

A written response had been sent to the Panel on 9 July 2004  
(LC Paper No. CB(2)3028/03-04(01))

Discussion on the matter was not held at the Panel meeting in July 2004. The Administration, however, had provided a paper in July 2004 setting out its responses to various issues/concerns raised by members at the meeting on 10 May 2004 (LC Paper No. CB(2)3028/03-04(01)).

**5. Support and assistance for paralysed patients living in the community**

The above item was discussed by the Panel on two occasions on 10 May 2004 and 19 July 2004. Although members welcomed the Administration's plan to grant a Care and Attention (C&A) Allowance of \$4,296 per month to paralysed patients on CSSA to hire a carer even if the patient had a family carer who was available to provide help at home, they considered that the provision would do little to alleviate the burden of the patient as the amount was not sufficient to hire an overseas domestic helper. A member also suggested allowing paralysed patients to receive the C&A Allowance even if they chose to live in the Mainland. Members agreed that the aforesaid issues should be followed up by the new Panel in the next legislative session.

**21. Social welfare planning mechanism, subvention system for the welfare sector and efficiency savings with regard to the welfare sector in the period from 2005-06 to 2008-09**

At the Panel meeting on 8 March 2004, the Administration was requested to brief members in June 2004 on the progress made for implementing the 0-0-X funding proposal for the welfare sector and the development of a blueprint for the social welfare policies, and to respond to the Hong Kong Council of Social Service's requests for reviewing the Lump Sum Grant (LSG) subvention system, in particular the aspect relating to funding of personal emoluments.

To be decided

The Government has an overriding commitment to contain the welfare expenditures. The Administration would continue to work closely with the welfare sector to ease/smooth the efficiency savings exercise, and will render assistance to those non-governmental organisations that have genuine difficulties in meeting the savings targets.

In consultation with the LSG Steering Committee, the Administration has commissioned a consultancy to conduct a survey on the NGOs' needs for financial assistance after the "Tide-over Period". It is targeted that the Survey be completed before end of 2004.
