

23 January 2006

Panel on Planning, Lands and Works,
Legislative Council Secretariat,
3/F., Citibank Tower,
3 Garden Road, Central,
Hong Kong.

Dear Panel Members,

**Special meeting on 25 January 2006
To discuss “Kai Tak Planning Review”**

On behalf of Hong Kong Squash, I would like to express our views on the planning for the Kai Tak Area.

In order to make Hong Kong the Asia’s World City, we definitely need a world-class sporting complex to cater for international events which are waiting to be hosted by our various National Sports Associations.

Take Squash as an example, since our Squash Centre was built in 1986, we have been able to bring in world-class players to Hong Kong every year in the past 20 years, making Hong Kong a very famous Squash city. Players and their friends and supporters want to come back year after year as they do enjoy their times in Hong Kong. Therefore we are confident that other NSAs are all able to do the same provided the appropriate facilities are available.

We all see this to be the golden chance of building such world-class facilities for Hong Kong and we sincerely request your kindest support to this proposal which will benefit not only the sport population but the general public as a whole.

Thank you very much for your kind listening.

Yours sincerely,

David Mui, MH
Chairman
