Dear Madam,

Review of Development of the Central Harbourfront

I refer to your letter of 5.7.2006 addressed to the Chairperson of the Town Planning Board (the Board). I have been asked to reply on her behalf.

Your letter was circulated to Board Members for information in connection with the Paper on the study outline for Refinement of the Urban Design Framework for the Central Reclamation and Preparation of Planning/Design Briefs for Key Development Sites considered by the Board on 14.7.2006.

In passing, I understand that your alternative visions for the Central Harbourfront were also discussed along with the Planning Department's illustrative design concept for the new Central Harbourfront at the Harbourfront Enhancement Committee meeting of 11.7.2006.

Yours sincerely,

(Lau Sing)
for Secretary, Town Planning Board
